1. Like the balloon made in physics class, we prepare to move on our way.
2. Ties with Bridgewater Raynham are broken and we venture on our way into the real world and a new life.
3. Although sometimes lonely, the sky is the limit for any journey we undertake.

Coming from Junior High and Middle School, anxious freshmen start on their way to a new and exciting experience at Bridgewater-Raynham. New friendships form between students from the two towns as they work toward the common goal of class unity. Overconfident sophomores, ready to take on the world, move forward with new found freedom. Juniors, overwhelmed with the pressures of school work, prepare for SAT's and colleges. Decisions made during this crucial year will carry them beyond high school. By the time senior year rolls around, our stay here is almost over. We savor our remaining moments at B-R, while keeping one eye on the future. Once again we are on our way.

When we look back on our younger years we remember the good times we spent together, the parties we attended, the dances we enjoyed. We recall all the times with our friends, good and bad, arguments we had, yet always made up! Our lives were simple with no responsibilities. The summers were filled with endless hours of fun, not work, and they seemed to last forever. Now, summers seem shorter; work is harder; and the school year never goes fast enough! We will always remember our care-free days, but now we are on our way!

Education prepares us for life. Some of us will go to college; others to work. All of us will take with us skills we have acquired in high school. In a world full of technology, math provides us with the expertise to compete. Science teaches us about the world around us. Foreign languages help us set aside our prejudices and enrich ourselves culturally. In English we learn to communicate effectively, an essential tool in the modern world. We develop our aesthetic sense in art and music. The vocational education we master in shop, business, and home economics, provides us with important life skills. As we continue on our way, we realize education never really ends.

Special Moments are the memories that we never want to forget. At proms and semi-formals we look and act most sophisticated as we dance and gossip. We feel appreciated and proud when we receive recognition for our achievements. We will treasure the time we spent working on plays, going to concerts, parties and malls together. Sportsmanship teaches us to win generously and lose graciously. Whether we celebrate a victory or suffer a defeat, we have learned the importance of teamwork and cooperation. In working together, we have formed friendships and experienced the joys of competition. The sacrifice of long hours of practice provides us with the discipline and will to succeed. The determination and spirit that we have displayed throughout the years will help us to reach the goals we set for ourselves, as we move on our way.

Students at B-R enjoy a legion of extra-curricular activities offered at the high school. In Marching Band, Chorus, Dance Squad, and Flag Squad, we learned teamwork and developed lasting friendships. We have snapped pictures for the Photography Club, dodged trees on the ski slopes, pumped iron in the weight room, and exercised our minds in Science and Math Club competitions. We, the Class of 1995, dedicate this book and all the wonderful memories it holds to...

Mr. Cushing

The Class of 1995 would like to thank Ms. Ferioli for her work as Class Advisor.

The Class of 1995 is grateful to Mr. Capen for all his hard work.

Through our four years of high school, we have been touched by many teachers. They have helped us set goals for our future and they have encouraged us to follow our dreams. One teacher has stood out among the rest. He is not only a teacher, but also a friend.

He has taught at B-R for the past 25 years. As a teacher he has been an inspiration to all his students. As a friend he has given us wise advice. As we move on our way, the Class of 1995 would like to dedicate this issue of *Unitas* to a man we will never forget, Mr. Cushing.
The faculty of B-R is dedicated to teaching. They’re always willing to lend a helping hand, pushing us towards excellence. The teachers and staff support students and their activities. When we have problems there is always one special faculty member who will listen to us. Some teachers are fun; we love their jokes and sense of humor. Other teachers impress us with their knowledge and help us prepare for the future. As seniors, we are grateful to those faculty members who take time to write our letters of recommendation and proof-read our college essays. We thank them for their time and effort.

8. Mr. Botelho busily tries to rearrange one of his students schedules.
The administration keeps Bridgewater-Raynham running smoothly. They had a difficult task this year because of the regionalization of grades K-12. The administration had extra responsibilities with many more students to worry about. Mr. O’Donaghue, Dr. Hilton, Mr. Harrington, Mr. Peabody, and Mr. Heaslip all work together with the School Committee to provide the best educational environment for the students. The 1995 School Committee is made up of Mr. Tom Nihan, Mr. Joseph Rebello, Mr. James DuPont, Mr. Arthur Wyman, Ms. Susan O’Brien, Ms. Patricia Roland, Ms. Mary Ellen Arabasz, and Mr. Mark Sanderson.
As we, the students of Bridgewater-Raynham Regional High School, began our extensive journey through the corridors of education, we were met along the way by positive influences. These influences, more commonly known as teachers, guidance counselors, librarians or coaches, have provided the encouragement and assistance needed to accomplish our journeys. They have acted as more than just faculty, however. They have been our friends and our mentors. All of them, dedicated to their jobs and devoted to the students, deserve our gratitude. Words cannot justify the thanks that we wish to bestow upon our faculty as we continue... on our way.

If there is one word to describe this year's senior class, it is accomplished. Four years of hard work and dedication to BR have turned into a successful and enjoyable experience. Seniors have led the way in all facets of life at BR. From sports to student council, proms to peer leadership, the population of the school has looked to the seniors for guidance. Now the time has come for us to move on. We bring our leadership experiences with us to various institutions. We are on our way, but the impression we have left on the Regional will last forever.

The Year in Review

Many people will remember 1995 as the year of the O.J. Simpson trial, yet many other influential and fascinating events took place during 1994-1995, our senior year.

It was an explosive year in foreign affairs. The Russian Empire continued its decline through 1994. The once popular Boris Yeltsin lost public support as the Russian economy plummeted. In the Middle East the dream of peace came ever closer to reality as Israel and the PLO signed a treaty establishing a Palestinian homeland. Bloodshed and tragedy continued among the Bosnians, Serbs and Croatians. The U.S. military sent peace forces to both Haiti and Somalia. A military confrontation was narrowly avoided with North Korea, a country reportedly close to building a nuclear bomb.

On the sports front, people began to take notice of the economic side of professional athletics. Pro baseball players, halfway through the 1994 season, officially went on strike over the salary cap issue. 1994 was the only time since 1904 that the World Series was not played. As Spring Training in 1995 began the players were still on strike, and owners started to hire replacements. In the NHL, labor disputes resulted in a lockout of the players by the owners. Fortunately, the dispute was resolved in time to salvage the season. Soccer made its debut in the United States and created quite an impact on the soccer fans here.

With the rise of comedy star Jim Carrey, the words “all righty, then” became a catch phrase. Ace Ventura, Pet Detective, The Mask, and Dumb & Dumber made Carrey a millionaire and star virtually overnight. The most popular movie by far this year was the epic film Forrest Gump, starring Tom Hanks. The journey of this simple man, as he experiences life while participating in major events of the 50’s, 60’s, and 70’s, captured the hearts of Americans.

In the music world, our generation experienced three more days of love and peace during Woodstock II. Not only was the concert a musical success, but also a financial one. On a sad note, the talented Nirvana frontman Kurt Cobain tragically took his life, shattering a whole generation of fans.

Many events occurred in 1994-1995 that affected our outlook about the world we live in. It was a pivotal time period in our own lives and in the world. As we go our separate ways, we will share the memories of our senior year.
As we move on our way to a new way of life and face a new set of challenges, let us pause for a moment to recall the memories of our childhood. Remember the first fish we caught; our first birthday; the many games of dress-up; our favorite teddy bear; the swing that went the highest; our first day at the beach. We will always keep these precious memories with us.

With the eroding conditions of today's professional sports, it is comforting to know that high school sports still continue to be as strong as ever. One big difference between amateur athletes and professional athletes is that amateurs play for the love and the thrill of the game. Most professional athletes are in the business for the money. The love of a sport drives some high school athletes to devote hours of their free time to practice. They commit themselves to the game and take on the responsibility of being part of a team.

The 1995 season was bitter-sweet in several ways. Expectations were high after a thrilling 22-13 victory over highly ranked Quincy. Super Bowl excitement gripped BR as the Trojans compiled a perfect 5-0 record. Unfortunately, setbacks against Barnstable and Weymouth spoiled any chance of a trip to Boston University on December 4. Ironically, Falmouth (whom BR annihilated 40-12) represented the Old Colony League in the Division 1B Super Bowl. The past season had great players and outstanding accomplishments. Captains Steve Medeiros, Jeff Gomes, and Jeff DiMarzio led a strong well balanced team. The Line, both offense and defense, anchored the '94 BR squad. They drew numerous comments throughout the OCL on their outstanding size and quickness. Behind the enormous BR line, Matt Pauline rushed for over 900 yards in just 8 games. On defense, BR stifled rival offenses, led by the tenacious hitting of John Ferran and Steve Medeiros. Also on Defense, Junior Safety Jay McGrath set the single game interception record with 4 against North Quincy. The '96 season should prove to be a successful. Coach Burton should expect a team with strong contributions from both Juniors and Seniors.

Boys' Tennis

The B-R Boys' Tennis Team showed great potency and achievement. With a record of 16-2, the team soared beyond their highest expectations with hard work and talent. Most of the credit for this outstanding season goes to Coach Pimental. Choosing the lineup and providing steady instruction every day, Coach Pimental created a winning team. Co-captains Dan Burstein and Jim Giovanoni were excellent team leaders and skillful players. They guided the team to the desired State Tournament. Along with juniors Katie Sanderson, Bridget Burstein, Kerin McLuskey, Jen Ellis, and Allyson Perron, seniors Amy Perkins, Krissy Hubbard, Amy DiMarzio and Elisa Freeman all played well. Because the team was hampered by many injuries and illnesses, we look forward to a more healthy and successful season in 1995.
Bridgewater-Raynham baseball fans will see an exciting and successful season this year. A majority of the team is made up of South Sectional Finalists. A strength of this season's line-up is the pitching. Both Tim Riley and Derek Lennon are pitchers to watch. In the infield, Eric Margie, Ryan Roy, Eric Folmar, and Jon Tracy are returning starters. The '95 B-R golf team was surprising. With the loss of last year's Senior starters, the team seemed to be facing a mediocre season, but Coach Pimental was optimistic. He worked hard with co-captains Mark Ferris and Ryan Roy to construct an effective starting lineup. The team started off slowly with a record of 2-5; but with increased practice and instruction, they finished with a greatly improved 10-7 record. Golfers Alex Kamp, Tim Rogers, Eric Rogers, Matt Kowalewski, Kevin Spry, Jim Timinck and Greg Stelmach manifested their sportsmanship and skill, helping the team to a surprisingly bright season. Coach Stan Holmes was pretty happy with his '94-'95 wrestling team. They finished 2nd in the Marshfield Holiday Tournament and participated in the Division I South Sectionals. In a matter of two weeks, the team lost 4 of it's 5 seniors, including all 3 of it's captains. With an abundance of underclassmen, the team was able to complete an impressive season. Seniors P. Reed and E. Maw, along with captains E. Folmar and M. Crowley battled off injuries to have succesful seasons. Juniors and sophomores including F. Maloney, D. McLaren, J. Podzon, B. Albert, D. Lennon, E. Grennon, and A. Kamp all had good seasons for the Trojans. Some of the team's "Freshman Sensations" include S. Dorr, A. Folmar, and J. Oliveira.
This year's Gymnastics team had an excellent season. They finished with a record of 6-4. The '94-'95 team beat the school record with a total of 122.95 points. They also seeded 10th in the South Sectionals and came out eighth. The team was led by captains Emilia Dahlin, Jess Gifford, Beth O'Connell, Kim Pierson, and Renee Silvia. Adding great strength to the team was Kim Gill, Jen Dolan, Christie MacKinnon, and Ulrike Schalton, an exchange student from Germany. Other contributing gymnasts were Natasha Bennett, Chris Campbell, Nicole Carter, Jen Doerr, Elaine Guascani, Julie MacKinnon, and Jen Magnifico.

Before the '94 hockey season began, expectations ran high. The Trojans had both the O.C.L. title and a berth in the state tournament in mind. Unfortunately, injuries and several other factors led to a season which fell short of BR's expectations. The Trojans had many individual talents. Captains Mason Harris and Jeff Dimarzio led the team to a highly successful season. Harris proved to be a potent goal scorer along with Joe Crowley. Dimarzio put fear in the hearts of opposing skaters with his vicious body checks. Junior Cliff Oliver was also a force to be reckoned with when it came to checking. Tom Roman had a productive season on defense, being the only player on the B-R Hockey team to be an All Star. Freshman goalie Mike Roberson is a bright spot for the future.
Our clubs and organizations are an important part of high school. They help us meet new friends, show our talents, and create memories for us to recall. Performing in school plays and being a cheerleader, or dance squad member are some ways we show our school spirit. Showing our love for music by being a member in the band or facing challenges in the math club are other ways to make high school memories. We will always remember these special events as we go on our way.

Next they performed Neil Simon's "Rumors" which included strong performances by Nate Wentworth and Bo Stevenson. B-R then took its show on the road traveling to the Mass. An important part of the school's music program is the B-R chorus. This year the chorus, directed by Paul Peterson, performed in three concerts, two in the winter and their traditional spring Pops concert. The songs that were popular with the audience included "White Christmas", Winter Wonderland", "Shenandoah", and a spiritual medley entitled "Soon I Will Be Done". They have given concerts at nursing homes in both Bridgewater and Raynham. They also performed at the middle and junior high schools.

During football games, they helped raise the crowd's enthusiasm. The team, mostly made up of underclassmen, looks forward to future performances at such events as the prep rally and the Thanksgiving game.

The trip to Montreal provided club members with an excellent opportunity to explore this historically-rich city and put their French skills to good use. The Science Olympiad team is in its fourth year at B-R. Thirty team members are coached by Mrs. Calef and captained by Pete Riordan, Mark Ferris, and Jason Ohrenberger. The team competed in four league meets this year and finished in second place! The league competitions prepare the team for the first state competition. The goal of the Science Olympiad team is to foster competition and interest in science.

Twenty-three students from B-R participated in the Regional Science Olympiad held at Bridgewater State College, on March 4th. B-R's team earned the right to compete in the State Science Olympiad meet at M.I.T. on April 8th as a result of their performance.

The Science Olympiad is a National Organization that tries to promote science by competition. Students compete in groups of two in all areas of science. The events range from working a problem through a logical manner to the construction of a tower and car that will carry an egg 10 meters without breaking it. This is B-R's 4th year participating in the Science Olympiad, the past three years as a member of the Southeastern Mass. league. The league consists of teams from Dedham, Norton, Easton, Medway, Medfield and B-R (now ranked 2nd in the league).

The Scrambler is a vehicle that is made to hold an egg and propel it an unknown distance. The vehicle is propelled by a 2 kg, falling mass. The team is very excited to participate at the state level and at MIT. This competition is open to only the top 20 schools in the state.

Peer Leadership is organized by and consists of selected students who exhibit exceptional leadership skills. The peer leaders go to various schools advising area youths about the dangers of drugs, alcohol, and peer pressure. Concerned about middle school students smoking, peer leaders planned a "sting operation" with the police to test the sale of cigarettes to minors. Many businesses were found to be in violation of the law. In addition, the organization has sponsored many events to aid the community and our school such as canned food drives, a clothing drive, holiday caroling in nearby nursing homes, and participation in the C.H.O.R.E.S. program.

The Future Teachers of America, advised by Mr. Capen, represents a group of students willing to make a difference in our community. They have held numerous canned goods drives. The food they collected was donated to neighboring food banks. Aspiring to be teachers, they have helped out in various schools in the community. Although there are only a handful of members in FTA, the difference they make in the community is overwhelming.

The '94-'95 journalism class was a literary success. The year began with a basic introduction to writing skills. The class then applied these newfound skills to the yearbook and newspaper. Students pooled their talents to come up with text and captions for each section of the yearbook. In the end, the '95 yearbook was impressive. The newspaper staff successfully put out several issues. With Ms. McGuire teaching, the class learned many different aspects of the journalism profession.

For months many students have been dedicated to producing the 1995 Unitas yearbook. The basic page design was started last April, and pictures of the spring sports were scheduled. Over the summer Gretchen Schwenzfeier attended a three day yearbook conference in Northampton sponsored by Herff-Jones, the company that prints our book. After refining the page designs as a result of new ideas learned at the conference, we were off to a good start in September, 1994. The Senior Class picture was taken in the bleachers the second week of school, and deadline for the senior pictures, baby pictures, and messages was the beginning of October. Fundraising through selling sponsorships, ads, and selling yearbooks to make our payment schedule were exciting times. Students typed for many hours trying to decipher handwriting and adding punctuation so that messages would be cogent and coherent. This year over one-hundred and seventy pages had to be put together. Students often gave up study halls, free periods, lounge and time after school to meet deadlines. Students volunteer long hours to selecting pictures and writing captions and text. When proof pages came back they had to be reviewed in detail to make sure every word and name was correct. Finally in March the last page was finished. We could not wait until May to see the results of all our hard work!

12. Jon Haglof sorts through a bundle of pictures to be printed as part of the yearbook.
13. Gretchen Schwenzfeier worked hard all year designing the layouts for each and every yearbook page.
14. Christine Casey transfers text to the page layouts.
15. Nate Crossman was busy as editor of the theme pages.
16. As the advisors of the yearbook, Ms. McGuire and Ms. Burton must approve of each and every page before it is submitted to the yearbook.
17. Partners Jamie Lopes and Danielle Banks worked together to complete many important pages such as the Junior Prom and Special Moments.
OUR SUPPORTERS

The 1995 Unitas could not have been produced without the help of faculty, staff, family, friends and businesses. In addition to subsidizing publication, these contributors to the yearbook help in the purchase of needed computer equipment. Our grateful thanks to all of you who made this yearbook possible.
