As our high school years come to an end, we realize how precious this time has been. When we came to B-R as freshmen, we brought with us a fear of the unknown. However, we soon lost our apprehensions as we grew together--two neighboring towns joined into one circle of friends.

We will always remember the donkey ball games that made us laugh, the losses that made us cry, and the words of our teachers that made us think and learn. Above all, the friendships we’ve shared will connect us through the years. We have confidence that the education and values we have learned at B-R will enable us to face the world’s challenges successfully. Even though we won’t see each other in the halls, cheer together at games, or applaud our talented actors on the stage, for the rest of our lives, B-R will always be close to our hearts.

9. Remember the fun of looking forward to the Easter Bunny's bringing his special treats?

Students experience a wide variety of opportunities at B-R. Academics stimulate the mind in the classroom. Field trips help students explore the connection between what they study in class and how it applies to the world around them. After school, students discover the pleasures of athletic competition. They develop their love for music in the band and chorus or star in drama. Students sing in the school musical or design sets. For those who love science and math, the Math Team, Science Olympiad, and TJ provide opportunities for competition. Through the years, students discover a wide range of possibilities at B-R.

We've been buddies for so long we can't always remember how we became friends, but through the years we've laughed and cried together. We remember surviving childhood calamities like chicken pox and injuries from falls. We groan when we remember how we loved the New Kids on the Block, as we share our new enthusiasm for Oasis and Pearl Jam. We've laughed all night at sleepovers and tried to avoid sunburns at the beach. Whether working together or playing together we've developed friendships that will last through the years.

The core of our days at B-R is spent learning. We learn about slopes in Geometry, and sines and cosines in Trig. We study the periodic tables in Chemistry, and the world around us in Earth Science. Social Studies shows us how we relate to each other as individuals and as citizens of the world; and Foreign Language classes teach us to say "Hola, mis amigos!" Our English classes help us to understand the beauty and power of our own language. Business, Home Ec. and I.A. prepare us for the practical side of our future; Art and Music help us find our creative side. Even after we leave B-R, learning will continue through the years.

Through the years, we celebrate at proms and semi-formals, we giggle at our after school get-togethers, and we hang out at the mall. Sports play an important role in our lives. Through the years we’ve gone from T Ball to youth soccer and Pop Warner football, and enjoyed the thrill of competition. Finally in high school we’ve developed pride in our ability to compete with the very best teams. We’ve earned respect for our own outstanding performances in athletics. We’ve learned that winning or losing is less important than doing our best and playing for the love of our sport. We see the value of hard work and developed self-respect as we perfected our skills. We will always share in the pride of Trojan power.

The Unitas, the Regional Sound, and other special publications give students the chance to learn communication skills as well as see their names in print. Color Guard and cheerleaders give energy and color to our games. Drama and Rainwater Players entertain us. Student Council, SADD, Future Teachers of America, the Diversity Group, and World Affairs Club, and Foreign Language Club help us to look at social issues and learn from each other. Ski Club has us flying down trails and falling over moguls with friends. Through the years, B-R students are never at a loss for their creative outlets.

Dedication

Through the years, our lives have been touched by many special people. One in particular has influenced many students both inside and outside the classroom. The Class of 1998 is pleased to dedicate this year’s Unitas to Mr. Edward Porter. Mr. Porter is known for his dedication to students and his support of students. Mr. Porter is famous for his dry sense of humor. One of his students describes him as, "A cool guy."

Mr. Porter’s enthusiasm for math has inspired and enriched his students’ lives. In addition he teaches the computer course in the Math Department, preparing B-R students for the twenty first century. He encourages his students’ efforts to learn. His effect on his students lives is immeasurable.

A Tribute

After eighteen years of public service to Bridgewater and Raynham students, Mr. Arthur N. Wyman is retiring from the school committee. He has long been known as a dedicated and enthusiastic supporter of students and education.

As a school committee member, Mr Wyman worked behind the scenes to improve education for B-R students. An astute businessman, Mr. Wyman’s fiscal and management skills benefited many students. In recognition of his hard work, he was selected to serve on the prestigious honorary State School Committee. Mr. Wyman also participated in other areas of B-R life.

He served on the Athletic Advisory Committee and was active in the Interscholastic Wrestling Association. In addition, he was a strong supporter of the World Affairs Club, serving for many years as auctioneer at the WAC’s annual fund raiser. Mr. Wyman’s fairness, intelligence, warmth and good humor will be missed by all who knew and respected him. While we are sorry to say good bye to such a distinguished man, we wish him long years of health and happiness in retirement.

Seniors

After leaving our separate junior highs, we as freshmen were quickly forced to blend into one group... one class... the Class of 1998. During these past four years, years adults deem "the best and worst times of your life." each of us has undergone a major transformation, Noone is leaving BR as the exact same person who entered. How could we? We shared and experienced too much: making and losing friends; getting drivers' licenses; finding that first job; having and breaking up with that first boy or girl friend; hearing the unforgettable roar of the BR crowd in the stands or on the field; and being inspired by some of the most remarkable teachers. But now it is time to say good bye. Through the years these memories of BR will never be forgotten.

We Say Good-Bye

Through the years, our lives have been influenced by teachers who have stimulated our minds. Through their efforts, we became eager learners, willing to explore new ideas. Because of them, we learned to see the world differently, with greater curiosity and greater excitement. Four such educators, men and women who expanded their students’ horizons and encouraged them to strive for excellence in all that they attempted, have retired this year. They will be missed by all of us.

Mr. Robert Faria: Spanish teacher and department head, will be missed for his enthusiasm for his subject and his delight in teaching others to appreciate another culture. As advisor to the National Honor Society, he challenges young minds to excel.

Ms. Jean Farry: Math teacher and department head, she has taught students to see math as more than numbers. Mathematics became an opportunity to learn how to think logically and to see the world fresh and exciting ways. In addition, Ms. Farry is the nucleus of co-ordination in her department and the maven of computers for the school.

Mr. Thomas Flangheddy: English teacher par excellence, was famous for his dry wit and his insistence on proper usage. He encouraged his students to reach beyond the ordinary. His students learned to be original and creative thinkers who could never forget the man who demanded, and frequently got perfection from his students.

Ms. Mary Ann Silva: Ms. Silva began her career at B-R as a gym teacher and later became a guidance counselor. As a counselor she helped many students plan their school schedules and organize their college applications. She also encouraged students to challenge themselves and strive for excellence in their lives.
This romantic comedy tells a hilarious entertaining tale of Dolly Gallagher, a matchmaker in Yonkers, New York, who is on a mission to turn Horace Vandergelder, the "well-known unmarried half-millionaire" into somebody's next husband. Simultaneously she intends to bring joy and happiness to the chauvinistic miser's friends and family while spending his riches around town. "Money is like manure," Dolly says, "It's no good unless you spread it around."

The remarkable Mr. Phaneuf, in his last year as set designer, and his crew worked hard creating the gorgeous sets which included an actual staircase for Dolly, played by Rachael Cantelli, to strut down into your heart.

"It Only Takes a Woman" like that and an unforgettable song and "Dancing" cast of sheer "Elegance" to win audiences of all ages. All had to hurry to grab the tickets to the performances on March 26, 27, and 28th for "It Only Takes a Moment" for them to be sold out.

Children of the Eighties

We are the children of the eighties. We are not the first “lost generation” nor will we be the last. Being young gave us all of what we are today and what we will be in the future. We think we know just where we stand, or are discovering it as we speak.

We are the ones who played with Legos and gave Barbie crew cuts with safety scissors that never really cut. We are the ones who collected Garbage Pail Kids and My Little Ponies. All guys wanted to be as strong as He-man, and all girls thought She-ra to be a role model who kicked butt. Big wheels were the way to go, and side walk chalk was all you needed to build a city.

Imagination was the key. It made the Ewok village big enough for you to be Luke and have a table and an old sheet dark enough to build tent in the forest. The back door was always open and only red Kool-aid was served. Girls with their pink portable tape players sang Debbie Gibson tunes, and everyone wanted a glove like Michael Jackson’s.

Entertainment was cheap and lasted for hours. The Sit ‘n’ Spin made you dizzy but never made you want to stop. Pogoballs were dangerous weapons and Chinese Jump Ropes never failed to trip someone. Under your bed tent you could dream of far off places. In your Underoos you were Wonder Woman, Spider Man or R2D2.

We sing along to Bruce Springsteen and Billy Joel perfectly and Left: Little Katie O’Brien is delighted with her gift of a Cabbage Patch doll.
have no idea why. We flip through TV stations and still stop at the A-team, Knight Rider, and The Dukes of Hazard. Webster and Punky Brewster can make us laugh to this day. “What you talkin’ bout Willis?” was one of the most commonly used phrases of that time. We recite lines from Goonies and still look to The Never Ending Story for a great adventure. We hold strong affections for the Muppets, The Gummy bears, Rainbow Bright, Strawberry Shortcake and why did they ever take the Smurfs off the air? I always wanted to be a Thundercat when I was little!!!

After school specials were only about cigarettes and step-families. Zoobally Zoo was nothing like Barney, and aren’t the Power Rangers just Voltron reincarnated?! We are the ones who still read Nancy Drew and the Hardy Boys, the Bobbsey Twins, Beverly Cleary and Judy Blume, Richard Scarry and the Electric Company.

Friendship bracelets were ties you couldn’t break and friendship pins went on shoes - preferably high top velcro Reebok Pumps. Pegged jeans were in, as were Units belts, layered socks, jean jackets, jams, charm necklaces, side ponytails and flat top hair cuts.

In the eighties we redefined the American dream, and those years defined us. We are the generation between strife and facing strife. The eighties may have made us idealistic; but it's that idealism that made us the way we are today. We will pass our values to our children-the children of the 21st century.

Left: Christine O'Neil and Adam Silva plan to join the circus right after they eat their Halloween candy.
Left: Dawn Estano and her mother Bonnie share a tender moment in July 1980. Below left: Renée Grenier shows off her larger than life baby doll while her mother Pauline holds a Cabbage Patch doll and sister Jeannette enjoys wearing her ET pjs. Below: Tamsin Zimbone pretends to zip around her yard and mow the lawn.
This year's sports pep rally held on Wednesday, November 25th, is one that no one at B-R will soon forget. An excited assortment of Freshmen, Sophomores, Juniors, and Seniors, dressed from head to toe in red and white, took over the gym. Cheerleaders, football players, flag squad, and the band led the crowd in a show of school spirit. The enthusiasm carried over to the footgame the next day, our first contest against Silver Lake, when B-R took the victory in the second half and came out on top. Then it was on to the Super Bowl.
1. In perfect formation, the cheerleaders of B-R perform at the Pep Rally.
2. The football team and the cheerleaders entertain the crowd by dancing to "Men in Black."
3. Artie Sharp blasts his marching baritone.
4. Supported by two football players, Meg O'Brien rises above the rest.
5. Ms. Regional, Meghan Donovan, shares her school spirit in a speech to all the classes.
6. The football players have a pile of fun.
7. The B-R Trojan (Danielle Dos Reis) battles the formidable foe, the Lakeman (Andy Folmar).
8. With his face painted red and white, Abe Bascom bounces to the beat.
9. Seniors Stacey Bullock, Becky Cruckshank, Nicole Chouinard, Melissa Weatherby, Kelly Maddock, and Rachel Cantelli, enjoy their last pep rally.
10. Ms. Carmella Ferioli, Ms. Susan Kinney and Ms. Donna Holt enjoy the flag squad routine.
11. B-R football's greatest fan, Andy Maynard and Mr. Buron slap high five.
12. Jen Cavaleri waits for the music to begin her color guard performance.
14. Supported by Ken Lomba and Mark Nixon, Stephanie Casey excites the crowd.
15. Playing the marching French horn, Brad Clark plays "Maleguena" during the rally.
16. Mr. Urban congratulates all the fall sports teams on their season.
17. Cheerleaders rise to the top once again.
For the second straight year, B-R clinched a superbowl spot. The Trojans led by captains Mark Nixon and Tim Pauline, had only two defeats in the regular season and were undefeated in the OCL. After a Thanksgiving Day blowout of Silver Lake, the team went on to face undefeated Everett. The first half of the Superbowl was dominated by both teams' defense. In the second half, Everett's offense took control. B-R fought hard, but lost twenty-one to zero. It was a disappointing finish, especially for the B-R seniors.
1. Mark Nixon drops back to make a pass for his teammates.
2. Artie Sharpe starts "Go B-R" for the band and cheerleaders.
3. "Set, hut," Mark Nixon takes the snap from Dave Gomes.
4. Darnell Kuykendall starts the game with a kick.
5. Steve Woodruff is able to shake off a block.
6. Jeff Moyer, Josh Poh, and Darnell Kuykendall break into the backfield.
7. Doug Bessette sprints for a first down.
8. Sean Lennon, John Laubinger, and Jeff Moyer are in hot pursuit of the Everett ball carrier.
10. Sean Lennon and Tim Pauline open a hole as Doug Bessette breaks a tackle.
11. Buiel!
12. Sean Lennon rumbles by the defence to gain yardage.
13. Coach Buron, enough said.
14. Ken Lomba gets the punt off.
15. "Cuc" gets his groove on.
16. Returning the punt, Abe Baskin attempts to gain yardage.
17. First down!
18. Moyer awaits the offence.
On May 30, 1997, the Junior class held its prom at Lantana's in Randolph. The prom king, Eric Rich, and queen, Megan Donovan, shared a dance as "I'll Stand by You" blared in the background. The Prom song was "These are the Times to Remember." The memories and people will make it a "Night to Remember."

1. During the theme song "These are the Times" Steve Dorr, Sherie Cote, Mary Aeillo, and Mike Sullivan move to the music.

2. Best of Friends Artie Sharp, Diana Tatro, Nick Briggs, Christina Tatro,
and Michelle Dempsey enjoy listening to the music.
3. Joy Flannery, Gerry Auger, and Alana Pellechia party the night away.

Superlatives
The Class of 1998 is comprised of many outstanding individuals: some shine in sports, some in writing, some in solving complicated problems in math or science, some at speaking another language. These students were voted by their fellow seniors as the best in these imaginative categories.
Underclassmen

Although the seniors seem to grab the most attention around the school, B-R underclassmen are also known for some unforgettable moments and wacky antics. Almost dwarfed by the "gigantic" 12th graders in size and confidence, the apprehensive freshmen walk timidly through B-R's doors with mixed looks of sheer terror and wonder on their faces. Back in junior high, they shuddered at hearing rumors of the infamous "freshmen-beating" seniors who stuffed innocent 9th graders into lockers. Yet the newcomers quickly discovered it was a complete hoax and found that B-R was a friendly learning environment for all. But as they became sophomores, the "wise fools" truly felt a part of the B-R family as the more enthusiastic students joined athletics and extracurricular activities. Sophomore year was characterized by the first try at the PSATs, a brief look at future career opportunities in the Harrington-O'Shea Interest Inventory. Oh, and no one can forget all those entertaining hours of Drivers Ed. However, Everyone seemed to warn you that Junior year is THE YEAR when it comes to performance. As the last of your friends get their licenses, you are busy with loads of homework, running to practice, working a part time job, acing the SATs, and visiting your top college choices. Don't forget that prom dress or tux either. Will senior year bring us better things? We can only wait and see.

Football

As the 1997 season began, the only thing on the mind of the B-R Trojans was winning the OCL championship. Under the leadership of Coach Buron and Co-Captains Mark Nixon, Tim Pauline, and the running ability of Doug Bessette, the Trojans accomplished their goal. With a season record of 9-2, and 8-0 in the OCL, the Trojans became only the second team to win the OCL back to back in eleven years.
Led by Coach Casabian and captains Erica Smith and Elaine Sullivan, the senior-dominated Trojan Field Hockey team finished with a record of 4 wins, 8 losses, and 6 ties. The forward line, led by seniors Nicole Doherty, Melanie Correia, Erica Smith, Becky Cruckshank, and Jen Almeida, put forth an outstanding scoring effort throughout the season. The defense led by seniors Allyson Litos, Lauren Dowd, Natasha Tavares, Janelle McGrath, Juniors Lora Marden and Kara Moran did a great job supporting goalkeeper Elaine Sullivan. Once again the Boys' Soccer team performed successfully. Finishing second in the OCL, the team compiled a 10-5-3 record. This record allowed the team to participate in postseason competition; the team was eliminated in the second round of competition. Memorable moments during season's play were P.J. Joyce's four goals to defeat Barnstable and Kevin Pacheco's six goals against Taunton. All four captains were named OCL All Stars. In addition, Kevin Pacheco was named All State and Adam McGovern was named Eastern Mass. All State. The Girls' Soccer Team finished a strong second in the OCL. Losing to Silver Lake in their second match up cost the team first place, but winning their first game against this strong rival was one of the highlights of the season. The team qualified for the state tournament and easily defeated Whitman-Hanson in the first round. The second round was disappointing. The game was tied 0-0, leading to a shoot out that lasted two rounds and ended in a 1-0 defeat for the Lady Trojans. The team included OCL All Stars Jess Tracy, Jen Schleicher and Erin Noyes; Jen Schleicher and Jess Tracy were also Brockton Enterprise All Scholastics. The team expects to have another winning season next year.
Lacking the depth of previous years, the Boys' Cross Country experienced a disappointing season. Finishing sixth in the OCL, the team posted a 3-5 record this fall. The team experienced its most satisfying victory over Plymouth South, and its greatest disappointment in a tough loss to Barnstable. Both Ryan Kerrigan and Jim Emord were named OCL All Stars. Jim Emord was also nominated Brockton Enterprise All Scholastic. Sophomore Ryan Morin distinguished himself as a cross country runner.

The Girls' Cross country team enjoyed its most successful season in its history. Finishing fourth in the OCL, the team won five and lost three meets. The team was thrilled to defeat its rival Silver Lake but fell to powerhouse Barnstable, their toughest opponent this season. Seniors Kim Anderson, Cheryl Silva, Jen Courcy and Meghan Donovan helped lead the team to victory. Also aiding in this season's campaign were Swedish exchange student Anna Svane and Laura Karns who was named OCL All Star. The future of the team looks bright. Up and coming Underclassmen show great promise, suggesting a strong team next year.
The Bridgewater-Raynham golf team followed up a successful '96 season with a strong 13 - 5 record this year. With the help of senior co-captains Mark Caron and Greg Adams, and juniors Greg Williams, Ryan Derosier, Mike Rich, Bobby Jose, and Gerry Theriault, the team placed 5th in the state qualifying round. Graduating senior wrestlers can take pride in four years of accomplishment. They can remember winning 75 dual matches while losing only 18. They helped their head coach Mr. Holmes achieve his three hundredth win and witnessed their assistant coach Mr. Jeff Francis become Assistant Coach of the Year. Led by tri-captains Andrew Folmar, Dana Grenon and Josh Poh, the 1998 wrestling team went 19-6. Next year they plan to perform as well or better.

In post season play the team won the first round, defeating Hyde Park, but lost in the second round against Brookline. Once again the team returned to the state tournament losing in the semi-finals of the South Sectional. Although many key players are graduating this year, next year's team will be a contender due to the strong bench and fighting spirit of the team.
After a late season surge, the B-R Ice Hockey team finished the year with a 7-11-3 record. The team was led by captains Greg Pickett and Alex Karahalis, along with assistant captains Mike Roman and Chris Murray. Sophomore Shane Carney made all the stops as the starting goalie. The future looks bright for these hardworking Trojans. Hopes are high as the team continues to improve. Upcoming seasons should show those efforts paying off.
The Girls' Gymnastic Team had its best season ever in the history of the school. The team was undefeated in League competition with a 9-0 record. They won the South Sectional and placed third at States. The team set a new school record for a meet, scoring 135 points. The team owed its success to the talents of Amy Freedman, Stacie Freedman, Stacey Cummings, Tony Lemon, Nikki Longo and Elaine Guasconi. Amy Freedman was named Boston Globe All Scholastic and Brockton Enterprise Athlete of the Week. Next year looks to be another spectacular season, with only one member of the team graduating. With a well seasoned squad next year's team plans to continue its success, culminating with a win at States!

With an 8-8 record and a fourth place finish in the OCL, the Girls' Tennis team felt some disappointment in their performance. The team did qualify for the state tournament but lost in the first round of the competition. Highlights of the season were Amy Kirkcaldy's nomination as OCL All Star and Erin Noyes's winning the Sportsmanship Award. Most of the team will be back for next season, since only one member was graduating. Erin Noyes, Natalie Porto, Beth Ann Giovanoni, Christina Pelletier, Katie Simmons and Tamsin Zimbone all look forward to future success. The team is determined to defeat Barnstable in next season's play.
Led by the remarkable pitching of Shaun Sullivan, and the bat of Brian Ronayne, the Trojans finished the season 13-7 (13-3 league), capturing the OCL Title for the second time in three years. However, in the first round of the state tournament, they suffered a heartbreaking loss to North Attleboro. With returning starters Brendan Carney, Rob Francis, Mike Johnson, Sean Lennon, and Jon Ryan back for another season, this year's team should finish strong.
Boasting an almost impeccable record, the tenacious B-R Softball team had a spectacular season, finishing second in the OCL. After hours of drilling, running, fielding grounders and perfecting strategies, the disciplined squad tore up the league in spectacular fashion. Led by Amy Innocenzi, Ally Machado, Denise Barry and Katie Driscoll, the team dazzled fans and opposing players with their talent and sportsmanship. The only down note in an otherwise perfect season was the loss to rival Taunton. Next year, victory! Although the team is losing many of its experienced varsity players, it is expected that Lisa Carroza and Danielle Dangoia will lead the team to another winning season and a possible OCL championship.

This season, three school records were set: Senior Ryan Kerrigan in the 1000m run, Junior Scott Kimball in the 55m dash, and Sophomore Darnell Kuykendall in the high jump. In addition, these three also qualified to compete in the New England meet held this year at Harvard. Other outstanding performances were given by Jim Emord, Tim Resmini, Dave Lacerda and the undefeated sprint relay team of Doug Bessette, Brian Jacques, Darryl Kuykendall and Scott Kimball. Led by new coach Mr. Tim McDavitt and captains April Wright and Sarah McLellan, the team fell short of an undefeated record (5-1), losing only to Silver Lake, and beating Falmouth for the first time in 20 years. In the league meet, the girls placed third. The team's significant contributions came from Laura Karns and Kim Anderson (2 mile), Sarah McLellan and Jill Buckley (1,000), Anna Svane (600) (High jump), Jess Rawlins (300), Lori Doris (300) (high jump) and Lindy Ciliberto and Anne Broadbent (55).

The team's 4 x 200 meter relay (Doris, Rawlins, Broadbent, Ciliberto) and 4 x 400 meter relays (Buckley, Carr, Svane, McLellan) had consistent wins throughout the season, setting records in both. With such an outstanding season, we can only expect the best from the rising underclassman. School records were set in the 300 meters by Jess Rawlins, Sarah McLellan in the 1000 meters.
Activities

Through the years B-R has offered students a number of activities to enhance their high school experience. The wide variety of organizations gives interested students opportunities to explore new ideas and develop new interests. Those who enjoy physical activity can join the Ski Club or the Weightlifting Club. Those who want to explore other cultures or travel to foreign countries join the FLC. Those who prefer intellectual challenges can find their niche in the mock trials of the World Affairs Club or in solving difficult problems for the Math Team. Science students find TJ or the Science Olympiad the place to be. For the creative student, there is the Art Club, the Chorus, School Musical or Band. Writers are always needed for the newspaper or Unitas staffs. For those who want to help make the world a better place organizations like SADD, GSA, Diversity and Peer Leaders offer opportunities to benefit others.

This year was a year of change for the B-R Trojan Band. A new band director, Mr. Gary Hyman arrived on the B-R scene. He has increased the amount of dedication, fun, focus, and musical selections that have kept the audience coming back for more. This year the band didn’t compete, instead it focused more towards the community and how to become a closer family. Thanks to everyone who participated this year and good luck to all the upcoming Freshman! It was a phenomenal year!

This year's Latin theme kept the audience enthralled. The show included "Gospel John," "Children of Sanchez," "Tiger of San Pedro," and the closing piece "Malaguena." These songs and the pep band songs provided energy and dancing not only for the fans, but also for the cheerleaders and the football players on the sidelines.

The Raynwater Players' recreation of Oklahoma was a musical success in spring of 1997. Due to the hard work of over 70 cast members and many adults, the show was a hit on each of the three nights it sold out.

David Goldman directed the play and made sure all went smoothly during the production. Mr. Phaneuf and his set crew were challenged to build a running windmill, a house (which when rotated became a barn), and Jud Fry's smokehouse, complete with dirty pictures and paper mache' meat hanging from the ceiling. They completed each with skill and artistic ability.

Janice Issa directed a talented pit band through songs such as "The Farmer and the Cowman", "Kansas City", and "Oklahoma!". With choreography by Kelly Moore, each song was sung and danced with talent and spirit. Also with help from producers Mrs. White and Mrs. Steeves, the show was a huge success.

8. Curly (J.Wright Witcher) tries to console, Laurey (Katie Armour), as they're having love trouble.
9. Tony Pecorelli "plays that fiddle to pieces."
10. Lori Hubble and Tony Pecorelli two-step across the stage.
11. Mr. Phaneuf and the set-crew are proud of the house/barn they built for the show.
Chorus

Under the direction of Mr. Gary Hyman, the B-R Chorus is truly incredible. Chorus teaches students the basics of vocal projection and harmonizing without the use of a piano. This year the chorus performed selections from musicals, foreign language, classical pieces, present day pop songs, and humorous selections. Some of their more popular selections were "When I Fall in Love," "Halleluia Chorus," and the French love song "My Heart is Offered to You Still." This combination of songs created an entertaining performance. The chorus has become an excellent and determined group of students who will stop at nothing to perfect their vocal talents.

1. This year's chorus flashes their pearly whites for the camera.
2. Lia Macrina and Andy Maynard share different opinions on "Selections from Les Miserables."
3. The altos and tenors harmonize during their daily warm-up to create an angelic sound.
4. Mimi Takeno and Jessica Murphy double in a duet with Jason Long for "When I Fall in Love."
5. This goes to show that even with a busy schedule, students still have time to clown around with the director.
This year's Color Guard continued its show of excellence. Under the instruction of Jen Bacon, the Color Guard practiced their drop spins, butterflies and figure eights until they achieved perfection. These enthusiastic and talented girls devoted themselves to producing the best half time shows and parades that they could. Their bright red and white uniforms promoted school spirit and their energetic routines added to the band's performance.

3. Kristen Felton and Shaela Thomas pause for a moment in "Gospel John".
4. During "Children of Sanchez", Barbara Quinn concentrates on her routine.
5. After a hard day of practice and competition, members of the Color Guard pause for a group picture.
Student Council

The B-R student Council is an organization whose mission is to promote the ideals of the high school and to help in both the school and the towns of Bridgewater and Raynham. The Student Council sponsors a food drive at Thanksgiving. More than $2,000 was raised to buy turkeys and other holiday foods. Mountains of staples like canned and boxed goods were collected for the shelves of food pantries in Bridgewater and Raynham. The Council also sponsored a Heart to Heart computer match up and raised over a thousand dollars for the Jimmy Fund. On March 24, the Council will sponsor a blood drive for the Red Cross. The Council also volunteers to usher at all school functions.

1. Danielle Dangoia, Jen Pohl and Janelle McGrath help to place collected food in carton.
2. Steve Jaques, Janelle McGrath, Mark Porell and Nick Yafrate load donated food for delivery.
3. Mr. Moscardelli lends his support to the food drive, as Mr. Cunniff beams proudly at the drive’s success.
4. Jen Schleicher examines the boxes to make sure they’re properly packed.
If you wanted signs of a typical New England winter, you weren't going to find them in Massachusetts. After several years of record-breaking snowfall, Massachusetts experienced virtually no snow at all. However, to the north, Jack Frost had a great time bringing record amounts of snow and ice to New Hampshire, Maine, and Vermont. In fact ski club members complained about the frigid weather. "It was so cold we stuck to the chair lifts," Fortunately, the intrepid members of this enormously popular club surmounted the cold and enjoyed their skiing and snowboarding activities.

1. Freshmen Brian Lyman, Patrick Cushing, Brian Robinson, and Melissa Boudreau look forward to a day of schussing down the mountain.
2. Exuberant senior Seth Silver, Kim Anderson, Leigh Nathan, and Nick Yaraino get ready to return home after a great day of skiing.
3. Beaming happily after an invigorating run down the slopes, Mr. Moscardelli and Mr. Heaslip enjoy the crisp cold mountain air.
4. Geoff Churchill, Julie Craig, and Kyle Marden head for the chair lift and a final run down the mountain.
5. And they're off! Ski Club members eagerly head for the slopes.
Cheerleading

B-R Cheerleaders support the school's athletic teams; they promote school spirit and sportsmanship. Cheerleaders encourage fans to attend games; they organize the Thanksgiving sports rally; and they compete in local competitions. They spend many hours practicing their routines and developing their strength, agility, and co-ordination.

2. Melissa Weatherby and Nicole Chouinard show some of their Trojan enthusiasm.
4. During the half time break, the B-R cheerleaders dazzle the crowd with their daring and strength.
Drama

On November 19th and 20th, the B-R Drama Class put on two performances of Ken Kesey's *One Flew Over the Cuckoo's Nest*. Student director Vicki Mordas oversaw the rehearsals with the help of Mr. DeCastro. The class spent months learning the difficult roles and developed a well prepared cast who managed to show both the humor and the tragedy of the play. The stars of the play were Nina Henderson as Nurse Ratched, Brian Buiel as Chief Bromden and Josh Poh as Randle McMurphy. The play was a great success in another way as well. It brought the drama class together and made them friends.

1. While the doctor (Brian Heavey) listens intently, Nurse Ratched (Nina Henderson) lists all of the reasons McMurphy (Josh Poh) should not be rewarded for his disruptive behavior.
2. Nurse Ratched (Nina Henderson) berates, belittles and threatens Billy (Gerry Auger) for daring to defy her authority.
3. A seemingly catatonic Chief Bromden (Brian Buiel) leans on his broom as he contemplates McMurphy's ideas for change.
4. McMurphy urges patients (Mark Pero and Eric Horan) to vote to change the TV schedule so the men can enjoy the World Series.
5. The many enthusiastic members of the B-R Drama Class.
The Art Club is a brand new organization which has proved enormously popular with those students who like the idea of learning about art and who enjoy doing creative art pieces. As part of its mission, the club has painted murals and provided other decorations for the cafeteria. Students plan to begin painting more murals on the walls of the hallways. These scenes should beautify the school and inspire others. The club is trying to raise money by selling candles and incense holders in the school store to finance a trip to New York City so that members can explore the many museums and galleries it offers.

2. Sarah Kowalewski and Amanda Rudolph put the finishing touches on their kitty cookie jar.
3. A smiling Heather Glynn puts the finishing touches on an art room mural.
4. Sarah Kowalewski and Melissa Krappe prepare the art room wall for a new mural.
5. The creative members of the Art Club pose with their advisors Ms. Brown and Mr. Phaneuf.
Once again, Mr. Lennon's weightroom proved to be a popular place for students to tone muscles, gain strength and improve over all fitness. Whether the motivation is to get in shape for a sports team or to get in shape for the swimsuit season, the weight room is the place to be. All who are interested in physical fitness are welcome!

1. As Jason Gaudette looks on, Tim Pigeon bench presses under the watchful eyes of Mr. Lennon.
2. "Go for the burn! You can do it!" urges Tim Andrews to encourage Bill Nixon as he works on his pectorals.
3. Nat Begley concentrates on counting his repetitions, as he works on his biceps.
4. Chris Lavell works on his lat pulldowns, while being spotted by Zeeshan Abid.
5. With intense concentration, Cara Sypher works on her leg presses.
1. **Future Teachers of America**: Under advisor Mr. Capen, the FTA participated in Read Across America to promote literacy by reading to elementary school children. The organization also organized a food drive and bake sale to aid local food pantries and joined the Band and Chorus to sing Christmas Carols at area nursing homes.

2. **World Affairs Club**: In addition to attending the Model U.N., the focus of the World Affairs Club this year has been the Mock Trials. Team members Jan Smith, Gina Palumbo, Dennis Coyne, Rob Francis, Liz Coulter Brian Heavey, Megan Gilrein Jim Kirkcaldy and Brendan Harmon have won three rounds of their competition and hope to continue their string of successes beyond the state level. With the help of advisor Mr. Powers and Attorney Steve Elliot, They have spent weeks preparing their case and have arguing before the Supreme Court as their goal.

3. **GSA**: The Gay Straight Alliance attempts to promote understanding of the issues and turmoil faced by gay students. Members have gone to Boston to discuss problems shared by gay students and have published and distributed information about resolving issues of differences.

4. **Peer Leadership**: This year's Peer Leaders sponsored a Giving Tree to help the needy, participated in Team Harmony 4 and acted as role models for DARE. Peer leaders try to help younger students learn to resolve issues in a positive way. As mentors they try to create a comfortable environment for students to feel safe in asking questions.

5. **The Diversity Club**: In a multi-cultural society it is important to engage in dialogues among different groups in order to promote harmony and understanding. The Diversity Club under advisors Mr. Stanton and Ms. Gill-Bass encourages students to join and learn about the rich cultures that surround them.
1. **National Honor Society:** Induction into the Nippennicket Chapter of the National Honor Society is one of the highest academic honors a B-R student can earn. Students who qualify for this honor have achieved scholastic excellence. They have proven themselves academically by taking and excelling in the school's most challenging courses. As members of a service organization, they give back to the school by tutoring students and ushering during Parent Conferences. In addition, the organization raised money to sponsor a Teacher and Staff Appreciation Reception.

2. **Photography Club:** Open to any student who wishes to learn more about taking pictures, using a camera, and learning to develop and print film, the Photography Club fosters an interest in the art of picture taking.

3. **Math Team:** Math Team members, with the help of their advisor Mr. Moscardelli, pit their intelligence against that of other teams in their league as they solve challenging mathematical puzzles. This highly competitive team once again enjoyed a rewarding and successful season, finishing second in their division and ninth out of 24 teams overall. They also qualified for the playoffs of the State tournament.

4. **SADD:** Students Against Driving Drunk promote awareness of the dangers of driving while intoxicated. During the holiday season, students created posters urging students to drive safely and soberly. On March 13, SADD sponsored a "Day of the Dead." Members of the group dressed totally in black and spent the day in silence. In addition, every 32 minutes a bell sounded, reminding students that someone had died in an alcohol-related accident.

5. SADD members Katie Lucas and Rachel Maloney completely dressed in black symbolize the needless deaths that result from driving drunk.
Science Olympiad

The Science Olympiad team members placed third in the overall team meet. Team members competed in a variety of science activities including Chem Clue in which students identified chemicals and elements based on properties tested in a lab setting. The Naked Egg Drop was another popular activity. Students dropped a raw egg into a container, specially designed to protect the egg from cracking. The most popular and exciting activity was the Bottle Rocket. A two liter soft drink bottle with a small amount of liquid in it is placed in an air compressor, pumped up and released. The bottle which soars the highest wins.

1. Team Members prepare to launch their bottle rocket.
2. As students watch, the naked egg descends. Will it survive the drop?
3. Brendan Harmon and Druvah Shah fuel the rocket by pouring water into it before compression.
4. A close up view of the rocket before it is launched.
The First team continues its collaboration with Johnson and Johnson, designing its third robot for competition. On January 11, the Moakley Center hosted the 1998 kick off meeting. At the meeting goals and rules of the competition were unveiled. The hexagonal playing field has an 8' central goal with three rail goals extending from the central goal base upward 7' to the field perimeter. Cross stops attached to each ramp keep the balls equally spaced so they will not roll towards the central goal. The arena consists of three human-player stations and three driver/coach stations centered on each side of the hexagon. Each player station is divided into a human zone and an interaction zone where contact is made between player and robot. Each team has nine balls to place on the rails or in the central goal to score points. The position of the balls on the rails determines the number of points. Placement on the central goal doubles the number points determined by the placement of balls on the side rails. The TJF team believes its robot, drivers and players will overwhelm all competitors.

1. Mr. Morrison, Lee Machado, Bryant Tanguay and Sarah Moore put the finishing touches on the practice goal.
2. Sarah Moore measures out the base for the hexagonal center goal.
3. After countless hours of work, the finished product - TJF
4. Mr. Sal Caldarise and Mr. Glenn Morrison mill down one of the robot’s arms.
5. Team members try out for the human player position.
Foreign Language Club

Under the enthusiastic support of advisor Mr. Diaz, the Foreign Language Club enjoys numerous activities. They spent a weekend in Montreal, where they could practice their knowledge of French. At Christmas they planned a fiesta where members and guests could enjoy a wide variety of foods. A trip to the Museum of Fine Arts allowed students to study the culture and art of a variety of nations.

1. "Yum! Everything is so delicious we'll have to get seconds!" agree Alyssa Asack, Mike McDermott, Andrew Leahy, Jen Pohl, Cheryl Cote, Corinne Clifford and Maura O'Day.

2. Gerry Auger plays flag pole in Montreal.

3. As the bus to Montreal refuels before crossing the border, Julie Adams and Kelli McLaughlin also stock up on snacks.

5. The many members of the FLC surround Mr. Dias.
Publications

With central headquarters located in the haven of 235, the publications at BR educate, entertain, and influence the faculty and students. Perhaps the most vital to the smooth functioning of our school is the weekly calendar, which not only informs everyone of every soccer game and FTA meeting, but also entertains us with a quote of the week or a seasonal graphic.

For those forgetful students who often leave notices crumpled in the bottom of their lockers, never remember to tell their folks about conferences or somehow misplace their "impeccable" report cards, Ms. Diane McGuire, the head juggler of every BR publication, created the Parents' Newsletter. During a brief reading of this informative pamphlet, parents learn more in thirty seconds than they have from their children all year.

Also, the publications headquarters manages to create unique programs for the different ceremonies and performances occurring throughout the school year: Hello Dolly!, One Flew Over the Cuckoo's Nest, Sports and Academic Awards Night.

Perhaps the talk of the school is the recent revival of the BR school newspaper, The Regional Sound, which was headed by Editor-in-Chief Jennifer Grunin. Thanks to advisor Diane McGuire and a wonderful staff of contributors, The Regional Sound took the faculty and students by storm in showcasing BR's finest talents.

1. B-R's many activities, sports, and special events are printed on the weekly calendar prepared by Brooke Lunday and Lindsay Simpson.
2. Mark Pero and Scott Kimball always come up with creative articles.
3. Ace reporter Brendan Harman interviews Ms. Morgan for the newspaper.
4. Hot-shot Editor-in Chief Jen Grunin smiles after meeting another Regional Sound deadline.
1. Cutting senior pictures requires care and precision, according to Tracy Haynes, Stephanie Smith and Jen Stack.

2. Cheryl Silva, Lauren Dowd and Kim Anderson select pictures that represent team excellence for the Girls’ Track page.

3. Yet again, Nicole Coyman and Jen Myers pore over the senior messages searching for errors and making correction.

4. “Can we use this picture? Does it fit the space?” Sarah McLellan asks Jessica Campbell.

5. The Yearbook staff poses for a picture.

6. Because this is their second year on
The purpose of the yearbook is to provide students with positive memories of 1998. The yearbook tries to highlight achievements in sports, activities, special events and the ordinary routine of school life. Producing such a book requires a great deal of time and effort on the part of the yearbook staff and their advisors. Hardworking students meet during Journalism class, free periods and after school to write text and crop pictures. In addition, time has to be spent proofreading copy. Equally important dedicated students spend hours typing in senior messages. Sales staff advertised the yearbook through poster campaigns and sold yearbooks in the cafeteria. The yearbook staff works to produce a book they and the school can take pride in.

captions continue:
the yearbook staff, Sandra Pacheco and Kellie Buczek are old pros who know exactly how to label pictures for publication.
7. After selecting pictures for the golf page, Greg Adams crops them to size while thinking about captions that will tell the picture’s story.
8. Andy Folmar and Rob Francis sort through a new batch of pictures, searching for those that best represent student life at BR.
