C'00king Both Ways
"Cooking Both Ways"

As our four year journey comes to an end, we must look both ways. We look back on all the times that make us who we are today and reminisce about our glory days. We look ahead in eager anticipation of what is to come and hope that the future is as bright as the past. From the day we entered first grade we knew we were special—we were the class of 2000. We thought to be first in line for the mac and cheese lunch to get a big piece of the crusty top, and to have the most New Kids on the Block cards. From pegging our jeans to wearing Skidz, we live in a generation of rads. Everyone was into the hottest video games like Atari, Cebra, Freeman, or Mario Bros. on Nintendo. In fourth grade Reebok Pumps and sleep bracelets were the "in things", and all was mant! Soon we entered junior high school, received our D.A.R.E. certificates, and suffered through our days without recess. Most of us can still recall the initial meeting of our two towns. We looked forward to the first dance that would unite us as the Bridgewater-Raynham Class of 2000!

1. Katie Simmons and Becky Albert are up past their bedtime at the Paks™ Jam dance.
2. Aki Rieger, Angela Kobak, and Emily German relax at lunchtime.

10. Youngsters Brendan and Keith Gill “go for a ride”.
11. Kara Humphreys, Aaron Seis, and Julia Marcinkiowski love recess.
13. Neighbors Jason Cieriez and Andrew Cheadle keep on truckin’.
14. Remember Dr. Gearhart’s 2nd grade class?
As we look back on our four years at The Regional, the first thoughts that come to mind are the friendships that we have shared, and the memories that we have made. We have laughed and cried together, and with the help of our friends, we have always pulled through. From the summer pool parties to the “up all night” sleep-overs, friends have played such an important role in our lives. We needed that special person to listen to us complain about assignments and to cheer our teams to victory. It helped to have someone who really understood why we were so stressed out.

Some of the friendships we made will last a lifetime, others will fade after our high school years, but we will never forget these people. They will always be with us in our minds and in the pages of this book.

Over the years, the unity of our two towns has produced some of the best competitors in the state. Our teams have displayed hard work, dedication, and camaraderie. Even when we were looking at the exhilaration of a great win, or the sadness of a devastating loss, we always stuck together. Bridgewater-Raynham is known for our amazing school spirit which is shown in our coaches, fans, and especially our athletes. From freshman to senior year, these B/R students give everyone a sense of pride and accomplishment. Athletics are an important and wonderful part of our life here at Bridgewater-Raynham.

**C'ooking Both Ways**

The classrooms of B-R are always bustling with action and creativity. From learning about King Tut in world history, to reading Romeo and Juliet in English, we have received a very well-rounded education. Sophomore year, we were all a bit more mature than we were as freshmen, but we could still be found dozing off in our first period classes. We learned about the birth of our country in US History, and the importance of a mole in Chemistry during our junior year. As Seniors at B-R, we struggled through the first two terms, worrying less about the weekends and more about college, while senioritis quickly spread. Cooking at both aspects of school life, learning and fun, it is obvious that a B-R education provides us with a crucial mix of both. What we learned in the classrooms at Bridgewater-Raynham provided us with strong building blocks for our future.

1. Pam Osterhouse concentrates on her art.
2. Student teacher Miss Watson shows Erin Nelson, Nick Orlandes, Nick Palmieri, and Amanda Perry the joy of math.

13. Mike Quirk and David Hubble measure an inlaid drawing in Drafting.
14. Joe Munce, Cte Martian, and Mark Kertesin observe Dr. Campbell adjusting the scales.
Special moments are the times that we will always remember. Bridgewater-Raynham has given us more than a wonderful academic education. It has given us memories that will last a lifetime. We may forget our algebra or history classes, but we will never forget our proms, pep rallies, or ultimately, our graduation. These are the times we cherish, for better or for worse, for the rest of our lives. Cooking at both our times of heartache and our times of happiness, we see that both have brought us the Class of 2000 closer together.

Looking Both Ways

Student life is much more than what goes on in the classroom. It contains fun and exciting events ranging from sports to CPR training. Student life is a juggling act of managing school work and a social life. We've all had great memories inside and outside of school. Getting frustrated with our homework, and looking forward to our Saturday nights were all part of our years together. We'll always remember who we ate lunch with, and how we cheered at the pep rallies. Our fond memories of watching our Trojans win the Super Bowl, and of cheering on our basketball team at the Fleet Center will last forever. Our lives here at Bridgewater-Raynham filled us with laughter, and sometimes with tears. We have a lifetime to look forward to, and four wonderful years to look back on. Our high school years are definitely the best time of our lives.

11. At the yearbook meeting, Lou Orfanos and John McCann inspect the selection of covers for the 2000 Unites.
12. With Mr. Goslin supervising, Laura Courcy and Chelsea St. Martin work their abs in Gym.
13. B-R musicians play sweet notes on their saxophones.
14. Flutists, Terry Sly and Kathleen Reid love being part of the band.
Activities at BJR are not only fun, they are also enlightening. From the technology developed in TJ to the discussions we shared in Modern World Affairs, there is something for everyone. The SADD club creates the chain of life, and the yearbook committee meetings allow every student to help create Unitas. Our Future Teachers of America visit elementary schools to understand working with kids in an educational environment. In Science Olympiad, members compete against other schools to prove their knowledge of science. The most wonderful aspect of activities at BJR is that each one is unique. This year we had the pleasure of enjoying more than twenty different groups. As the year goes by, these organizations give us an opportunity to learn practical skills we can use in the future. These experiences gave us a wonderful chance to share our interests, and, best of all, to meet new friends.

Thank you, Ms. Christina Weston

The Class of 2000 enthusiastically dedicates the 2000 Unitas to a teacher whose service to the students of Bridgewater Raynham has gone above and beyond the call of duty.

Ms. Christina Weston has given unselfishly to the senior class, and is very well liked and respected by all. Ms. Weston has been extremely dedicated to the Class of 2000 since day one. From her flower sale Freshmen year to her Sophomore year car wash, she has always gone the extra mile for everything.

Ms. Weston is well known for her genuine care of the students and her great sense of humor. The junior prom was a rousing success along with this year’s semi-formal, thanks to the hard work of Ms. Weston. She always stays late at functions to clean up so the kids can go out and be together. For these reasons and many more, the class of 2000 would like to thank Ms. Weston, and wishes years of continued success in the future.

1. Mrs. Weston helps the senior class raise money by participating in our Sophomore year’s car wash.
2. Hard-working, energetic, caring, those are just a few of the personality traits that made Ms. Weston a perfect class advisor.
3. Friends Ms. Weston and Ms. Davis take a well earned break during the Senior Holiday Party.

The year 2000 marks Mr. Paul Urban’s last year as Athletic Director at Bridgewater-Raynham and over the past 23 years Mr. Urban has served as teacher, coach and Athletic Director here at the high school. During his tenure, Mr. Urban has been committed to helping all B-R student athletes pursue their dreams and maximize their potential on the field of competition as well as in life. Under Mr. Urban’s guidance, the athletic department has achieved 75 Old Colony League championships and numerous sportsmanship awards. His efforts are deeply appreciated and his leadership will be missed. We wish the best of luck to Mr. Urban in his future endeavors.

The graduating class of 2000, as well as all the students here at Bridgewater-Raynham, will never forget Mr. Nick Vardack. After twenty-five years as a guidance counselor here at the Regional, the easy-going, Mr. Vardack is retiring. The B-R students and faculty will never forget Mr. Vardack’s unique wardrobe of Oxford shirts and Birkenstock sandals. Mr. Vardack is an accomplished artist as well. His easygoing, friendly personality helped to make him a class act. We would like to thank Mr. Vardack for his many years of hard work, and wish him the best of luck in the future.
We are truly lucky, as teachers have given us a solid foundation for the future. They devote countless hours of their time during and after school to enlighten our minds and strengthen our spirits. Teachers inspire us to follow our dreams so that we may be successful adults in the real world. They offer us their dynamic talents and extensive knowledge to better us as individuals.

From Ms. Anania’s eagerness to teach us about Earth Science to Ms. Dumas’ encouraging us to explore the Spanish language, we can realize just how much they care for us by the tremendous effort they put towards us.

In looking both ways, it is not difficult for anyone to say that the teachers here at B-R are not only inspirational but also merit much respect and praise.

After spending four glorious years at B-R we have grown both physically and mentally. Our school has become a place that is both wonderful and entertaining. Highlights of our week were eating chicken nuggets on Thursdays and going to dances on Friday nights. We will cherish the memories of our Semi-formals and miss hearing the bands performances at the football games. We will always look back at the friends we have made and the teachers we have tormented, B-R has become a place we have grown to love. Now we look to the future as we will graduate as the first class of the millenium, the Class of 2000.

Through Our Years....

In the early eighties, would-be seniors graduating in 2000 were not concerned with any of America's problems. They didn't care about the boycott of the '80 Summ Olympics or the Reagan assassination attempt. They cared only about toys like E Wheels, Matchbox cars, Cabbage Patch Kids, and G.I. Joe. They could focus only television shows like "The Smurfs," "Sesame Street," and "The Muppets."

As these children entered nursery school and kindergarten, the space shuttle Challenger exploded, and cable television and video game systems like Atari and Nintendp captivated the U.S.A. "Saved by the Bell" and "Punky Brewster" were widely watched and "Super Mario Bros." was the top video game.

As the class of 2000 neared the end of the decade, they were mesmerized with "Teenage Mutant Ninja Turtles," "Transformers," and "Barbie." The "New Kids On The Block" and Michael Jackson were fan favorites in the music industry. They watched the horrific events unfolded in Tianamen Square and the Berlin Wall was being dismantled.

As the nineties began, these ten year olds paid witness to Desert Storm, the collapse of the Soviet Union, and the Oklahoma City bombing. Also on their minds were Reet pumps, Little League baseball, and snow days.

New supermarkets like Roche Bros., stores like Blockbuster Video, and restaurants like Burger King were constructed in Bridgewater and Raynham as the towns grew. Lights were put up for baseball night games. A new elementary school and a golf course were built, while the transit system was resurrected.

Entering junior high they had Halloween canceled by a prison break and lost their school recess. In the mid-nineties, when the class of 2000 reached their teenage years they discovered the the Internet and email.

During high school, Princess Diana was killed, a sheep was cloned, President Clinton was impeached, the tragedy at Columbine High School occurred, and the U.S. almost went to war with the Serbs. At B-R itself, the Trojans won a Super Bowl and met it to the Fleetcenter for a state semi-final basketball game. Other countless league titles would be too long to list.

In the final year of this decade, the Backstreet Boys, N'SYNC, and Britney Spe became teen idols across the U.S., while the Star Wars prequel dominated the movie Game shows, like "Who Wants To Be A Millionaire?" took over prime-time television.

As senior year comes to an end, the class of 2000 must look towards the future. N
memories will be made and new fads will emerge, but there will never be another classic like the class of 2000. Through thick and thin, good times and bad, the trendsetting class of the millennium will be unforgettable.

Remembering Ryan

“When you part from your friend, grieve not. For that which you love most in him may be clearer in his absence, as the mountain to the climber is clearer from the plain.”

Khalil Gibran

A Tribute to Ryan

All of our prayers are with one special friend
Our memories of him will never end

He has an aggressive personality of which you are aware
And for those of us who know him, he is loving and sincere

His shining characteristics are his physical and mental strength
And when it came to caring for those he loved, he would go to any length

He is a friend you want with you when push comes to shove
This friend is Ryan Bettencourt, the friend we all love

We speak for all when telling you these things
Still it is hard to put into words the happiness he brings

We are no longer able to speak to Ryan face to face
But we shall treasure the memories until our paths cross in some other place

As you think of Ryan and a tear wells in your eye
Remember that this is not our final good-bye

Ryan, we miss you and all that you have done
But we know you will be watching over us with God and his son

As we continue on with our lives and you watch all we do
Remember that until our paths cross again, Ryan, WE LOVE YOU.

The loss of our close friend Ryan Bettencourt during our freshman year is an experience that one will ever forget. Ryan was truly a special person, whose memory will live on in our hearts. As a member of the football and hockey teams, Ryan inspired and encouraged all of those around him. His attitude on the field and in the classroom elevated his status as an outstanding member of the Bridgewater-Raynham community. Ryan's outgoing personality and flair for life set him apart from all others. Those who knew Ryan know just how much he meant to our school; his memory will live on forever.

1. A collage of pictures of Ryan and his friends was put together by his close friends.
2. Ryan and brother Justin show their B-R pride on the football team.

Remembering Katie

Life on Earth
By Edgar A. Guest

When they shall ask me over there
What did you see, what did you do,
In what great splendors did you share?
Tell us about the folks you knew.
I’ll bet they’ll smile to hear me say:
“I saw the tulips bloom in May.”

Spring after Spring I loved the breeze
Which clover blossomed to perfume;
I watched the birds build nests in trees
And saw the roses come to bloom.

For trout I used to wade the streams,
And had an endless stock of dreams.

The heart of me was often gay.
Despite the cares I had to bear;
There never came a dreary day
But what some loveliness was there;
And rich or poor or great of low,
The friends I made were good to know.

I had a little garden there,
A home where it was good to stay;
I’d food for all, and some to spare.
And there were games I loved to play;
And though I sighed for pleasure lost,
Life on earth was worth its cost.

Throughout her life Katie Burt touched the hearts of many. She always brought a smile to their faces, even when there was not one on her own. Katie always knew how to make people laugh and have a good time no matter what the circumstances. She always had time for her friends, and would do almost anything for them (even drive out of her way just to see a guy they liked). Those of us who were her softball team remember how she fearlessly guarded the team mascot, Eeyore. Even though we were the Tigers, it didn’t matter to her. Among her many talents were her ability to dance and sing. In fact, one of her favorite classes at B-R was chorus. She most enjoyed after-school trips to Friendly’s to get her favorite snack... mozzarella sticks. Katie never took anything for granted, and always lived her life to the fullest extent possible. Although our futures may be uncertain, one thing is for sure; Katie will live on in our hearts forever.

Looking back...

...on the early years of our lives, many wonderful memories come to mind. We'll always look back and laugh at our Halloween costumes and our bizarre adventures. All the girls wanted to be Barbie, and all the boys wanted to be G.I. Joe (sold separately). Saturday mornings were our time to watch cartoons and eat our favorite cereal. We loved watching the Smurfs, and the Muppets, and eating Captain Crunch. We loved our fluffy blankets and good luck stuffed animals. Most of us still cherish these items today, but of course we won't tell anyone.

Our toys...

...filled our days. We loved playing Nintendo and seeing how many times we could go around the Skip! Top left: Even at a young age, Adam Crossman shows his ability to skillfully carry the ball.
Top right: Alexandria Moreau rests after taking her Cabbage Patch kids for a walk.

it. We rode our scooters and Big Wheels around the block causing a ruckus. When we got inside, we played Crossfire and Hungry Hungry Hippos. And we all wanted to be doctors playing Operation.

Life was a breeze, and we had time to enjoy Sesame Street and Mr. Roger’s Neighborhood. We never had to worry about homework or school. The only writing we did was on our driveways with sidewalk chalk.

**Holidays...**

... were times of magic. We could be anyone or anything we wanted to be on Halloween. Snow meant sledding, building huge snowmen, and the winter holidays coming soon. We helped with the decorations, could hardly contain our excitement about Santa’s visit, and our eyes grew wide with wonder at what he left for us under the tree.

On Halloween, Left: Tara Bradshaw; pretend to be a quarterback. Right: In costume, Andrew Leahy clown around.

Left: Jill Stapleigh loves her Christmas present. Right: Katie Azar hangs her stocking by the chimney with care.

Left: Matt Santorso loves his new wooden rocking horse.
Our tastes... 

...were simple. Give us a big bowl of Cheerios or Ed Casabian, (top) shows us, and our day was made. For most of us, like Cathy Cobert (bottom) a birthday still wouldn’t be complete without chocolate cake.

Only a few years later, all the girls sung along to Dirty Dancing and all the boys wanted to be Rocky. The girls, and even some of the boys loved Tiffany, Mariah Carey, The Bangles, and Debbie Gibson. The boys will never forget Billy Joel, and Bruce Springsteen. Our favorite toys were Cabbage Patch Kids and He-Man characters. We roamed in every week to watch Danger Mouse and Fraggle Rock. We always wanted the newest transformer, or the newest My Little Pony Doll.

Most of all, from our childhood, we’ll never forget our friends. Remembering the first time we met our best friend, and the fun we had, we’ll remember for all time. Most importantly, after all this time our friends have stuck with us, through thick and thin, through all these years.

Each year at the Regional brings its own challenges and rewards. As freshmen, we discovered the rumors of kids getting stuffed into lockers by seniors were totally false, and that the main problem was remembering where our classes were and trying to get there on time. Day G was a total mystery.

When we entered sophomore year, we were forced to become more independent. With the PSATs we got our first dose of the reality that college was right around the corner for most of us. Many began driver’s ed. and started dreaming about our first car. Sophomore year gave us a chance to make a name for ourselves.

As we became juniors, it seemed like we now had a place at the high school. We developed more mature perspectives on life, partly because we now had jobs to keep our not so dreamy cars on the road. We tried to get to school early enough to find a parking place on Crane Street. The pressure was on us to keep up our grades as we talked about what we wanted to do after we graduated. The Junior Prom, on the other hand, gave us some of the best memories of our lives.

School Store

The B-R School store has been in existence for over ten years. Approximately five years ago, space in the cafeteria was given to the Business Seminar class for the creation of an actual store. Since then, the store has provided students with school supplies, B-R clothing, snacks and drinks. The most popular of these snacks are: Peanut Butter M&M's, Sour Patch Kids, Cheddar Cheese Cracker Combo's, and Mentos. On regular visits, students also purchase pens, sweatshirts, and calculator batteries. Over the years, the Business Seminar class has provided and displayed designs and creative suggestions on how to improve the image of the store. During the past 2 years, the services have expanded and the doors are open during lunch hours, as well as before and after school. The students from Mrs. Winsor's Life Skills class, as well as Mr. Peterson's Industrial Arts class have provided much needed help in the area of maintenance, such as cleaning, painting, and stocking. The students
of B-R would be lost without the school store.

This year's Modern World Affairs Club was fantastic! Led by Mr. Jeff Sylvia, the Modern World Affairs Club attended the Harvard University sponsored Model U.N. The group went to Boston for four days in January and was able to argue serious world issues with other high school students from all over the world. Attorney and coach Steve Elliot helped the club get prepared for the infamous mock trial. The B-R mock trial team did a great job debating this year's case. The Art Department

Art is essential in all our lives to make us all well rounded individuals. The Bridgewater-Raynham art department has expanded and opened the minds of people who enjoy all different styles of art. There are many courses to choose from, including Intro to Art, Ceramics and Crafts, Drawing and Painting, and Sculpture and Design. In Intro to Art, students learn about the many elements of art and experiment in various art styles. After this introductory course, the student chooses which media most appeals to him or her. In Ceramics and Crafts, clay is transformed into beautiful works of art, such as bowls, mirror frames, boxes, and whistles. In Drawing and Painting, the students learn to refine their drawing skills using a variety of media. Sculpture and design allows the students to take a concept from two dimensions into the third dimension. Work from the art department has been exhibited at the state house, and some of the B-R art students have received awards for their achievements in art. In the spring, the art club and music department will put on a "Music and Arts Festival" to showcase both departments.

Athletics has become a way of life for students at Bridgewater-Raynham. The camaraderie, the sportsmanship, and the wonderful memories that our sports have given us are unbelievable. Our athletics have taught us much about life, who we are, and what we can accomplish, as much as any lesson we learned in the classroom. Trojan's Pack Power

Football...
The football team came into the season very optimistic. Despite the loss of key players to injury, the Trojans were still very successful. Led by captains Brian Berry, Steve Barnard, Darnell Kuykendall, and Dave Gomes, the Trojans posted a 7-3 record en route to the OCL Co-Championship. Winning key games against Taunton and Silver Lake, the Trojans were spectacular. Fueled by the plays of sophomore Richie Florence, and seniors Jay LeClerc, Adam Howe, and Ed Casabian, the offense shined. The Trojan defense was relentless, and was led by all seniors. Next year's team will have a tough task ahead of them, but hope to continue the championship tradition.

14. B-R’s defense awaits another chance to stop the opponent.
One Point Shy of Tournament

Field Hockey...
The Varsity Field Hockey team was once again faced with a trying season, falling one point short of the state tournament. The offensive charge was led by forwards Erin Munise, Chrissy Hall, Erika Smith, and Jenny Pohl. They were backed up in the midfield by Sarah Peabody, Maura O’Day, and Michelle Byers. In the backfield, a solid defense was led by goalkeeper Danielle Dangoia, and defenders Lisa Carrozza and Rachel Ladd. Despite the disappointment, there were many memorable moments, after all, who could forget the sleep-overs and car wars? This was most definitely a season that will never be forgotten.

1. The team listens to Coach Casabian give advice on a time out.

2. “Goya” stands board as her team dominates the game.

Boys’ Soccer...
The Boys’ Varsity Soccer team picked up right where they left off recording another outstanding season. Under the leadership of captains Orestis Tiliakos and Kurt Silvia, the Trojans captured the OCL Championship in a 2-1 thriller over league rival Silver Lake. The Trojans, directed by George Pacheco finished 14-5-7, earning a spot in the MIAA state tournament. Seniors Greg Hylander, Keith & Brendan Gill, and Sean Hetherington played key roles in the team’s success. Hopes remain high for next year as juniors Andy Hamilton and Ryan Schleicher plan to take charge.

Exciting Season for Lady Trojans

Girls' Soccer...

The Girls' Soccer Team finished with an impressive record, winning the Old Colony League Championship. The returning seniors, Lori Cyr, Angela Robak, Karen Chouinard, Terry Moniz, and Katie Powers led the way to victory. The young team learned a lot this season, especially the key to victory. With Coach Heslin on their side, the Lady Trojans had an exciting game against North Quincy. They fell just short of winning the state Tournament. Next year should be an outstanding one with the core of their team returning.

Runners Stay Focused

Boys’ Cross Country...

For the Trojan runners, 1999 was a season of amazing effort and competition. Although the team suffered with a record of 2-5, they managed to take three of the top ten spots in the league meet. Led by senior captain Ryan Morin and junior superstar Geoff Churchill, B-R never gave up its determination or winning attitude needed to survive the grueling workouts of coach Joe Lemar. The supportive atmosphere also fostered excellent seasons from Eric Mulholland, Tim Chiappini, and Bill Gamble. Losing two of the top three runners, the team expects to rebuild in 2000.

1. Trojan runners anticipate the gun.
2. “Wild Bill” Gamble leaves his opponents in the dust.
3. Eric Mulholland finishes hard on the home course of Borden Colony.
4. Dedicated team runners Mark Krikorian and Greg Dillon show their prowess.
5. Ryan Morin and Geoff Churchill open their stride and quickly make it down the hill.

Crazy for You

The music of the piano and the bustling of a new cast filled the auditorium. The Raynwater Players began auditioning to make the cut for this year's production of "Crazy for You". Nerves ran high as each student walked to center-stage, ready to sing and give it his or her best, peers look on. Everyone wondered who would play who and hoped their name would appear somewhere on the final cast list. Finally, it was posted and immediately swarmed by anxiously waiting students.

Sound once again filled the town of Deadrock, Nevada, as the Raynwater Players brought life into every character they played. Rehearsing three days a week, each member of the cast worked diligently to learn their lines and lyrics. After long hours of rehearsing their tap dancing skills, this cast of forty-six members danced the night away at each performance. With voices warmed up and ready to sing, they took the stage with the determination to astound their audience with every number.

These pictures are moments from rehearsals during this year's production. The magic of every performance changes from show to show and from cast to cast. No year is ever the same. This is the last time this cast will ever work together. The magic and memories of their hard work will carry through years to come. Their rhythm, music, and talent can still be heard, echoing through these pages. After the experience and fun this cast had, they have but one question-who could ask for anything more?

However, countless hours of practice remained as they worked to combine music, routines, and marching techniques to create an impressive halftime production.

As the football team took the field, the marching band’s enthusiasm would spread through the stands as they played B-R's fight song. S.A.D.D.: The Students Against Destructive Decisions are one of the most influential groups at Bridgewater-Raynham. Led by President Liz Courcy, Vice-President Kaityln Copp, Treasurer Kristina Beals, and Secretary Matt Santos, S.A.D.D. strived and succeeded in keeping students from drinking and driving. The meticulous construction of the Tree of Life awakens students to how much life means, and what a mistake like drinking and driving can be. Grim-Reaper day and the anti-drinking and driving posters around school helped keep students headed in the right direction.

Math Team: The Math Team competed in four regional meets between November and February. At the conclusion of the four meets, the B-R students had placed first in their division. The students traveled to the South Shore Mathematics League playoffs in Randolph in March. The team placed 6th, just 2 points shy of qualifying for the state tournament. These mathematicians proved B-R is a force to be reckoned with.

National Honor Society: The National Honor Society has had a very active year, thanks to dedicated students and the help of advisor Elizabeth Calef. The National Honor Society successfully raised money for turkeys, donated bags stuffed full of toys to the children's ward of Brockton Hospital, and each member completed 20 hours of community service. Also, the spring faculty tea was a hit. As the 1999-2000 NHS members depart B-R, we would like to thank all of those who have contributed to our success.

Publications

The purpose of the yearbook is to reflect on our time spent here in the halls of B-R. It highlights student activities, athletics, special moments, and the everyday routine of the students. The production of such a book requires the time and efforts of many different people. Students work in Journalism class, during study periods, and before and after school to write articles, crop pictures, type captions, and proofread all 180 pages, all done under the direction of Ms. Diane McGuire. Hard-working students, such as coeditors Tony Burgess and Laura Karns, spent many hours frantically rushing to meet deadlines, which is a tremendous feat in itself. This year's yearbook is more than just a summary of the school year; it becomes a part of written history of the town, and a time capsule in itself.

After a slow start, the newspaper finished the year with a rousing flourish, thanks to coeditors Jon Hartford and Mike Haggerty. The Regional Sound, also worked upon under the guidance of Ms. Diane McGuire, reflects students views. Staff meetings were held Thursdays after school this year. Students came in and worked during study periods, sometimes during Journalism class, studies, and even after school to work on this year's student publications.

1. Using his sales skills, Tony Burgess seeks financial supporters for the yearbook.
2. Tony Burgess checks to see which faculty members still need to have their picture taken.
3. Tyisha Wilmore, Jen Ocasio, Jen Pohl, and Tara Oliveira type the mountain of senior blurbs.
4. The Staff of Unitas 2000: Tyisha Wilmore, Matt Mantolas, Myisha Wilmore, Brian Berry, Ms. Diane McGuire, Laura Karns, Tony Burgess, Jen Ocasio, Sharia Boston, Nicky Mazenkes, Adam...
5. Sarah Al-Obaidi and Adrienne Bossi raised $235.00 from harassed parents at parents night.
6. Jon Hartford and Mike Dobson work hard on the Regional Sound.
7. Lou Orfanos, Adam Howe, and Matt Mantalos decide on which pictures to use in the yearbook.
8. Mike Dobson helps choose pictures for the Through the Years pages.
9. Tiffany Matthews and Laura Karns are hard at work cropping pictures for the faculty pages.
10. Tim Wenson, Mike Zeller, Lia Milan, Mike Haggerty, and Aimee Ayers gather to discuss upcoming story topics.
11. The staff of the Regional Sound: Matt Mantalos, Jon Hartford, Ashley Carson, Adam Howe, Tony Burgess, Tim Wenson, Mike Dobson, Mike Zeller, Nikki Mazenkas, Kaitlyn Kerrigan, and Ms. Diane McGuire.

Dear Bridgewater-Raynham Class of 2000:

As I look at the preview of the Unitas, I am reminded of so many special moments so many of you shared with Katie. They make me smile and cry all at the same time.

I want to thank all of you for your support during these difficult times. The outpouring of support from the Class of 2000, the underclassmen, teachers, administrators and friends from Bridgewater and Raynham was incredible. A special thank you to Mr. Hyman and the B-R Chorus for commissioning a song in Katie's honor and memory. Although the song has yet to be performed as I write this, I know it will be perfect because it is a demonstration of your thoughtfulness and caring. Your love and support have meant more than words could possibly convey.

As Katie's Mom, I knew the moment she was born that I was blessed with a very special child. As I watched her grow that knowledge only grew stronger but then I thought I might be a bit prejudiced. But as I look at the very special people that Katie called friend, I know now that I was right all along. Katie could not have been blessed with such great friends had she not been a great friend herself. Your friendship is her greatest tribute.

I want to wish all of you the very best as you venture out into the world. Although Katie will not be here in person to share in your graduation, I know that she will be with each and every one of you in spirit on your special day.

With Sincerest Gratitude and Love, Katie Burt's Mom
