As our high school years come to an end, we glance back at our childhood memories. The countless days of Mall Madness and Teenage Mutant Ninja Turtles will never be forgotten. We roller skated, overcame stage fright, and celebrated Halloween with fanciful costumes. New Kids on the Block and Vanilla Ice were our favorite groups. Oh, and who could forget our Friday nights with Urkel? Remember our first day without recess? We thought we would never survive. Eighth grade graduation came, and we were on our way to B-R. On our first day of freshman year, we discovered new friendships and looked forward to our future high school years. From pep rallies and football games, to semis and our Junior prom, we will never forget these special memories. Now we will look towards the future and a new beginning. Reflecting back on all of our high school memories, we realize that the past four years have been the times of our lives...

Friendships are the foundation of our lives. Most friends come and go, the few that we hold onto are the ones that have been with us every step of the way. Through good times and bad, through laughter and tears, through love and hate we can always turn to them. We will always have friends that will pick us up when we fall and guide us through life. We'll always remember the times we spent with our friends, and the experiences we shared. These are the people who will always hold a special place in our hearts. Sports activities taught us commitment, teamwork, and sportsmanship. These qualities have brought us closer together and have created memories that will last a lifetime. As student athletes at B-R, sports have played an important part in our lives. Whether watching football game, a tennis match, or a track meet, these sporting events were times of laughter, friendship and excitement. Despite the final score, these events enhanced our character. Whether one was rooting the Trojans on from the stands, or on the field, we were all part of the team. As we look back at the memories, we realize that these truly were the best times of our lives.

Throughout our years at B-R, the majority of our time is spent in the classrooms. Whether it’s our favorite class or least favorite, our teachers always try their best to help us learn. As seniors at B-R we struggle through the first two terms to make our grades perfect for college. Unfortunately Senioritis starts to quickly kick in. Nevertheless, the teachers at Bridgewater-Raynham provide us with an education that at this time in our lives will become the basis of who we are in the future.

Special moments are like shooting stars; they happen when you least expect them. Some are exciting, others unforgettable, and at that moment everything falls into place. We cherish these moments with the perfect people in special places. Throughout the years, there have been many special memories that we have shared with friends. We will always remember our proms, the semi’s, pep rallies, and sporting events. Special moments can be anything: going out for dinner, movies, or even just hanging out. The reason they make an impact on our lives is the special people we spend them with. We will never forget these moments or these people who have made a huge impact on our lives. When we are older we will always remember the times of our lives at Bridgewater-Raynham.

Student life is filled with more than just studies and homework. It's juggling work, school, and a social life at once. Its like being on a roller coaster. Through ups, downs, triumphs and defeats; it's filled with memories, both good and bad. Our days here at Bridgewater-Raynham will not be forgotten. The pep rallies, football games, proms, along with our life outside of school, going to the movies, or concerts with friends, and just hanging out. Dedication: Mr. Paul Folan

The class of 2001 would like to recognize Mr. Paul Folan or all the support he has given them. Bridgewater-Raynham is definitely fortunate to have Mr. Folan as a member of its faculty.

Students and faculty alike acknowledge him for his intelligence, dedication and friendly manner. No matter what he occasion was, he always managed to help out the students. Filling in as Senior class advisor this year, he quickly took action, helping to plan the senior pep rally, as well as the holiday party, which included rounding up various prizes and gift donations from a number of area businesses. He was also pivotal in planning both the senior banquet and prom, which are monstrous and difficult undertakings. Team TJ ² is also fortunate enough to have had Mr. Folan on as an administrator since 1996.

This year, Mr. Folan introduced a brand-new class to the B-R curriculum, Archaeo-Geology. Even with proper materials in short supply, he managed to teach an informative, interesting, and rewarding course.

Mr. Folan has been an invaluable asset to our class and school, and we are sure he will continue on that note for many classes and years to come.

In Memorium

Mr. Pat Connelly passed away last year. He had been the Bridgewater-Raynham school photographer for many years. Looking back a previous issues of the Unitas you will see thousands of Mr. Connelly's pictures.

Mr. Connelly leaves a wife, Shirley, who took many of the pictures in this yearbook. He had a special relationship with his oldest daughter Heather who is a member of the senior class this year. Heidi and Holly are in the seventh grade this year. We will all miss him.
On Wednesday morning, September 3, 1997, we entered high school thinking graduation was so far away. Four years seemed like an awfully long time. However, as the years gradually passed by, we learned new and useful skills. The faculty helped us in countless ways.

Who would have ever thought that we would be able to speak Spanish, calculate molar mass, or even type without looking at the keys? This appreciated faculty wanted us to be comfortable and made sure that we worked diligently by completing our homework assignments. If we didn’t quite understand something, they were always willing to help us. While we were learning, our guidance counselors assisted us by preparing us for our future.

Without a shadow of a doubt, the Regional had a diverse faculty. Some teachers were more lenient than others. However, it seemed that they all had our best interests at heart. Sure, they cared about the grade we received in their class, but more importantly, they wanted us to learn. After all, knowledge is power. So, where we would be without the those who helped us at B-R? Definitely not where we are right now.

The past four years at B-R have come and gone. It seems like yesterday we were walking into the school for the first time, as freshman completely terrified. But soon after, friendships begin to form and two different towns joined as one. We will never forget the good times: our Super Bowl victories and OCL wins, school activities, and hanging-out in the hallways. We will always remember the semi-formals and proms and all of the friendships we have made throughout the years. Now the future is approaching us quickly, we will be going our separate ways and living different lives. But we will always have one thing in common... WE ARE THE CLASS OF 2001!

The Experience of a Lifetime ..... 

This year, Bridgewater-Raynham has eight of its finest faculty members retiring. Mr. Ed Casabian, Mr. Frank Clasby, Mr. Alan Cushing, Mr. Manuel deCastro, Mr. Neil Frank, Mr James Harrington, Mr. Paul Moscardelli, and Ms. Diane Scheffler will all be leaving us after the year is through. The yearbook was lucky enough to have the opportunity to sit down and ask each retiring faculty member a couple of questions. Each faculty member was asked how many years have you worked as a teacher? How many years have you worked at B-R? What was your favorite thing about teaching? What will you miss most? Do you have any plans for the future? What was your favorite or most memorable moment at B-R? Here are their responses:

Mr. Ed Casabian
* How many years have you worked as a teacher? I've worked as a teacher for about 35 or 36 years.
* How many years have you worked as a teacher at Bridgewater-Raynham? About 35 or 36 years.
* What is your favorite thing about being a teacher? My favorite thing about being a teacher is the idea that a teacher can really help students learn if they really want to learn.
* What will you miss most about B-R and teaching? I will miss the kids, faculty, but mostly the spirit that the students bring to the school. Whether it's a football game, basketball game, or the Mr. B-R pageant the students are always full of life.
* Do you have any plans for the future that you would like to share with the yearbook? After my retirement I hope to coach another year here, officiate some more games, travel, write, and possibly teach at a college someday.
* What is your most memorable or favorite moment at B-R? First off, the heat at B-R in the early fall and late spring is horrible, but my most memorable moments is again connected to the student's. Being able to watch my own children come through the school and being able to witness their accomplishments has been awesome and I would not have given that up for the world.

Mr. Frank Clasby
* How many years have you worked as a teacher? I have worked as a teacher for 33 years.
* How many years have you worked as a teacher at Bridgewater-Raynham? 27 years.
* What is your favorite thing about being a teacher? My favorite things about teaching would have to be the opportunity of being around young people and inquisitive minds. Also, having the chance to be with fellow faculty members.
* What will you miss most about B-R and teaching? It's hard to nurture those friendships you've made once you're gone.
* Do you have any plans for the future that you would like to share with the yearbook? While I've been a teacher at B-R I've also been running my own computer company, and I plan to continue with that after I retire.
* What is your most memorable or favorite moment at B-R? Off the top of my head, my favorite moment was the last Best of the Bunch. There were about a hundred and fifty people and I saw a lot of kids who struggled during the school year. There were a lot of kids who didn't make the honor roll and were never given a reward for their efforts. Seeing the smile on those students' faces and their parents' faces was very memorable.

Mr. Alan Cushing
* How many years have you worked as a teacher? I have worked as a teacher for 35 years.
* How many years have you worked as a teacher at Bridgewater-Raynham? 31 years.
* What is your favorite thing about being a teacher? My favorite thing would have to be always teaching history, but the way that every class is different. Every year, every class, every student is different an unique.
* What will you miss most about B-R and teaching? Most definitely the students.
* Do you have any plans for the future that you would like to share with the yearbook? I would love to travel the U.S. and all of the spots in the world that I have taught about over the years.
* What is your most memorable or favorite moment at B-R? So many things have happened and they've all molded together. Some times you'll just be sitting there and something will trigger a great memory. Recently seeing all the parents at parent teacher night triggered memories from the days when I had th parents in class.

Mr. Manuel deCastro
* How many years have you worked as a teacher? For more than 30 years.
* How many years have you worked as a teacher at Bridgewater-Raynham? Over 25 years.
* What is your favorite thing about being a teacher? Working with and being around the students.
* What will you miss most about B-R and teaching? I will miss watching kids grow up and feeling good about themselves.
* Do you have any plans for the future that you would like to share with the yearbook? I plan to return to New York City where my wife and I have many friends. I hope to finish my doctorate at Columbia and probably do some work at Union Theological Seminary, a kind of spiritual quest. Then, after a while, move with my wife to South Dakota and write mystery novels.
...B-R Faculty Members Retire

Mr. Neil Frank
- How many years have you worked as a teacher? 31 years.
- How many years have you worked as a teacher at Bridgewater-Raynham? 30 years.
- What is your favorite thing about being a teacher? Making friendships with some of my students and seeing them years down the road, and having them tell me that I was an influence in their life.
- What will you miss most about B-R and teaching? I'll miss my fellow teachers quite a bit, and the bonds I have made with fellow faculty. We all understand each other. “Same wavelength” It is kind of like we were married.
- Do you have any plans for the future that you would like to share with the yearbook? To spend time with my family. To search for another passion. I need to see my guidance counselor to see what I am going to do in my second adulthood. Ever since I retired from the army in 1995 after 28 years of service teaching has been all I've had and now I really need to find a new passion.
- What is your most memorable or favorite moment at B-R? When I first started working here there was a bomb scare. Every teacher had to help in searching the lockers. Being a new teacher I had to do what I was told, but I don't know what I would have done if I had ever found the bomb.

Mr. James Harrington
- How many years have you worked as a teacher? I have worked as a teacher for 37 years.
- How many years have you worked as a teacher at Bridgewater-Raynham? 30 years.
- What is your favorite thing about being a teacher? My favorite thing about being a teacher would have to be the high pay and extravagant benefits.
- What will you miss most about B-R and teaching? I will miss the friendships that I've made here at B-R, but I'm not going to stop teaching.
- Do you have any plans for the future that you would like to share with the yearbook? Next year or in the near future I hope to teach at a private school or possibly a university.
- What is your most memorable or favorite moment at B-R? One of the most unforgettable moments for me at B-R was standing in the men's locker room and seeing Bunky Holmes in the shower. The most memorable moment for me at B-R was my first year as coach of the football team and the school won its first ever OCL Championship.

Mr. Paul Moscardelli
- How many years have you worked as a teacher? I have worked as a teacher for 36 years.
- How many years have you worked as a teacher at Bridgewater-Raynham? 30 years.

- What will you miss most about B-R and teaching? I am going to miss all of the good students that I've had and all of the faculty members that I have enjoyed so many years with.
- Do you have any plans for the future that you would like to share with the yearbook? I am looking to possibly teach next year at a Catholic school.
- What is your most memorable or favorite moment at B-R? I've met four of five students who have stood out from everyone else because of either their scholastic abilities, hard work, or their personalities. These students along with many others are what have made teaching at B-R memorable.

Ms. Diane Scheffler
- How many years have you worked as a nurse? For 39 years.
- How many years have you worked as a nurse at Bridgewater-Raynham? 30 years.
- What is your favorite thing about being a nurse? The opportunity to use nursing creatively and helping out the youth.
- What will you miss most about B-R? I will miss the young energy in the school and being with my fellow faculty members.
- Do you have any plans for the future that you would like to share with the yearbook? I have a lot of ideas that I would love to explore, like kayaking, learning French, yoga, creative writing, and painting.
- What is your most memorable or favorite moment at B-R? My favorite events at B-R are attending the yearly musical. The kids do a wonderful job. Also this year I had the opportunity to chaperone the TJ robotics competition in Orlando. The participation of our B-R team with over three hundred other high school teams nationwide was interesting, exciting, and inspiring beyond words. I couldn't have been a part of this extraordinary experience without acknowledging it as a highlight of my many years here.

On behalf of the yearbook staff, student's, and faculty, we would like to wish these teacher's our best in the future. Please keep in touch and enjoy whatever it is that you will be doing next year.
We are the class of 2001 and we are the media generation. In the past few years we have seen the explosion of all things media-related. From e-mailing and e-tailing to more around-the-clock news channels than is necessary and everything in between.

Way before our graduation date, however, we were playing Nintendo's Super Mario Bros. and Duck Hunt and setting up play battles with Teenage Mutant Ninja Turtles. Girls argued about their favorite episode of Punky Brewster from the infamous refrigerator episode to the "Chicklets Club." And, of course, they played with everyone's favorite disproportionate doll, Barbie. And don't forget snack time, cubbies for our jackets, and the half hour lunches with endless food trading.

Even then summers were special. Laying on a towel, Erin Donahue (1) finds that life is a beach. Patti Follett (2) enjoys the sunshine, Krystal Kelley (3) wades in her pool and Shannon Moynihan (4) keeps on smiling even after her sand castle falls down.

Our generation has had many milestones. While many of us were being born in 1982 and 1983, Sony was working on the compact disc format. Learning early life lessons, Karen Masefield (5) relaxes in the sink brushing her teeth. Steve Durso (6) works on his latest kitchen creation. When many of us were entering our "terrible twos" in 1984, Casey Burch (7) entered his kitchen transformed as a T-Rex. Apple computers released their Macintosh and hip-hop music went mainstream as a result of the memorable collaboration of Run DMC and Aerosmith on "Walk This Way."

1988 saw us entering kindergarten, and also saw

Garfield car window decorations (suction cup mania) soar in popularity across the nation. While Brett Barry (8) soars in as Superman, Mark Devincenzi (9) knows how to get to Sesame Street thanks to pal Big Bird. In 1989, AOL debuted, as Courtney Keane and Peter Dinapoli (10) started a beautiful friendship, and the first of millions heard the now infamous (and slightly annoying) line, “You’ve got mail!”.

Getting ready for the big leagues, Craig Audette (11) works on his throwing arm. Always ready for cake and ice cream at a birthday party, Jill Buckley (12) and Lindsay Arrighi show off their frilly summer dresses. Even at a young age, Andy Maynard (13) and Kim Weeks enjoyed playing a game of cards (hearts?). At school, long bumpy bus rides ended in field trips to Plymouth Plantation or the Museum of Science in Boston.

Skipping ahead a few years to 1993, now-classic video games such as “Doom” and “Mortal Kombat” were released and were part of what sparked the new games renaissance of sorts in recent years. In the meantime, we were all still more interested in playing outdoors at recess.

1995 was the year that over seven million people were subscribing to online services. Only a year later, in 1996, amidst trips to the beach and movies with friends, the volume of e-mail being sent and received exceeded “snail-mail” (the United States Postal Service) the first time.

These electronic entertainments seemed a far cry from the good old days when playing with our trucks, like Shawn Brown (14) and Greg Dillon (15) did, was enough entertainment for a lifetime.
Only three years ago, in 1998, the news media acted like a rabid dog when it launched into a frenzied whirlwind of excessive news reporting when President Clinton's Monica-gate erupted in headlines and now infamous video clips played continually.

The past few years have seen countless technological advances both in entertainment and elsewhere, including the advent of wireless web surfing, DVD, Napster, and many others. Now we feel out of touch if our cell phone battery dies or our hard drive crashes while we are IM-ing ten friends at the same time. Never could we have dreamed while riding our hobby horse like Tara Kenney (16) or cuddling our Cabbage patch doll like Maureen Lee (17) that life could get any better. All of these things we have grown up with, and many have helped, in some way or another, to shape the people we are today as a whole and the moral and social climates that we'll inhabit. This is our world for the taking!

As we look to the endless future with eyes as wide and in awe as when we were little, we look to the past for the values and memories like giggling mischievously with our cousins like Sue and Matt Noblin (18) or, remembering a childhood Easter such as Amy Glavin (19), that have helped to mold us into the people we are today.
On May 12, 2000, the Junior class of 2001 held our prom at the Sheraton Terra in Braintree, Ma. Dancing to “Bye Bye Bye”, “Time of Your Life”, “YMCA”, “Boom, Boom, Boom”, and many more of our favorites made it a special night. On Friday night, November 17, 2000, the semi-formal proved to be a tremendous success. Despite the fact that only B-R students could attend as a result of the overcrowding of the 1999’s semi, the gym was still quite crowded. The evening began with some socializing in both gyms, but later the lights went down and the fun began. Slow dancing, even with the lights on, was nothing short of a calm interlude between “Who Let the Dogs Out?”, the traditional “YMCA”, and many other popular dance songs. The evening culminated with the awarding of Ms. and Mr. Regional titles to Pam Carbone and Andy Maynard.

1. Having the time of their lives, Pat Sullivan and Renee Benoit show off their dance moves.

This year's Pep Rally followed suit with years past as it acted as a powerful boost in the football players' spirits. The B-R football team took this extra boost of spirit and energy and won the Thanksgiving Day game. This win clinched both the OCL Title and Super Bowl berth for the Trojans.

The rally was highlighted by senior spirit followed closely by the rest of the school. Coach Buron delivered his words of wisdom along with speeches by team managers Nick Silvia and Andy Maynard.

Streamer signs covered the gymnasium and balloons floated around while the B-R students cheered on their team. This superb fan support carried the Trojans all season and ultimately acted as the deciding factor in the teams late season surge. The Trojan players and fans will remember the unity and friendships they shared while cheering on their Super Bowl Champion football team.

Superbowl

Who would have thought that a handful of seniors and a supporting cast of juniors would win a Division 1 Super Bowl Title? On December 2, 2000, B-R went to the Super Bowl for the fourth time in five years. Facing what was supposed to be a far superior football team in Waltham, the Trojan defense shut down the powerful Waltham offense. John Dowd scampered 8-yards to paydirt for the only score of the game, while Kyle Marden, Will Morey, Tim Killea and Dave Noone were making excellent plays to keep the Waltham offense out of the end zone. The Trojans came out of this Super Bowl victorious, 7-0. Anyone who watched this team play this year will surely “remember these Trojans” for playing with a lion’s heart.
The Senior Holiday Party was held on Tuesday, December 12, 2000. Everyone had a great time singing, dancing, and participating in karaoke numbers. Seniors arrived costumed as the traditional Santa Clause, the Dixie Chicks, and even a raggedy old man. These costumes all won prizes along with many others.

Overall the holiday party was a very successful and enjoyable evening. It is a B-R tradition that should continue for many years to come.

1. Dorothy from The Wizard of Oz (Lia Macrina) gives the crowd a special performance, while Stef Lusky looks on.
2. Jamie Wilcox and Colleen Dever share a laugh at the party.

Most Stressed Out: Andrew Campbell
The underclassmen are the foundation of the future, forever fresh and young, and continually “replaced” each year. Freshman anxieties of senior beatings and getting lost diminish as the years go on. They are replaced with the sophomore fears of PSAT’s and the dreaded MCAS. Hours of driver’s ed and road lessons delay dreams of licenses, fast cars, and cruising with friends. As juniors, licenses are finally obtained, the prom creeps up, and forays into adulthood begin. Many get first jobs and cars, taking the SAT’s determine your future. Senior year is fast approaching, juniors; are you ready?

Inspired by the theme "Remember The Trojans", B-R went undefeated in OCL play and earned a berth in the Division 1 Super Bowl against Waltham. The defense, led by Tim Killea, Kyle Marden, and Tom Higginbotham played spectacular in key games against Barnstable, Taunton, and Silver Lake. Lady Trojans Secure Tournament Berth!

Despite three early season setbacks, the Trojans Varsity Field Hockey team, led by Coach Casabian and captains Michelle Byers and Chrissy Hall, secured a tournament berth for the first time in three years. Plagued with nagging injuries, the team relied on great bench strength and contributions from all members to work their way to a winning season. Unselfish play, team unity, and a sense of pride and tenacity were characteristics displayed by all as the season progressed. The offensive charge was led by Chrissy Hall, Cait White, Ellen Sanderson, Kate Krappé, and Sarah Clifford. An outstanding defense included inspired play from Michelle Byers, Cait Parlow, Rachael Ladd, Shannon Moynihan, Meg Daily, and Emily Morey. The defense was anchored by the solid goalkeeping of Jen Cote. Other seniors displaying leadership and solid play were Laura Winsor, Melissa Boudreau, Jess Golden, Megan Kennealy, and Laura McGoodwin. The team finished the regular season winning four of their last 6 games to achieve their goal of Tournament play. The Lady Trojans ended their season with an overall record of 10-8-2.
The 2000 Boy's Soccer team had a successful season by qualifying for the state tournament and just narrowly missing the league title. Each player on the team possessed a fervent attitude for the game, which is the most important quality that helped them win and do so well. The team played together and displayed exceptional unity. Everyone could relate to one another and that is what helped the Trojans do so well. With so many athletes on the team, there was plenty of endurance and fire power, which helped in outrunning many of their opponents. Next year, there will be many returning starters, which means that the Trojans should have another strong year.

Training for these individuals officially began on August 24, 2000. On Sunday morning, September 10th, they participated in an annual road race in Brockton. This proved to be an indicator of the team's future success.

Everyday the team practiced diligently, giving it 110% especially at the now infamous sandpits located on the Bridgewater State College campus. From road runs to track workouts, the team learned quickly that their legs could take them anywhere. Showing good sportsmanship, they had impressive showings against Barnstable, North Quincy, and Taunton. On October 6th, captain Geoff Churchill led the team after Coach Joe LeMarr left to participate in the Olympic games in Sydney, Australia.

On Columbus Day, they ran in freezing weather in Grafton, MA. These mile runners showed tremendous determination at both the OCL meet in Silver Lake on October 24th and at the South Shore Principles in Easton on October 29th. After the class A meet in Boston on November 11th, the season was officially over.

To celebrate, they had a party at the Stoneforge Restaurant in Raynham. In the end, it was evident that the team would never be the same again.

Girls’ Cross Country

This year’s team made 2000 an exciting and unforgettable season. With hard work from each team member, team unity was at its best. The team raced through rough terrain and sometimes inclement weather. Nevertheless, they were extremely successful. Under the leadership of team captains Pam Carbone and Allison Paul, this dedicated team ran well against the likes of Barnstable, Silver Lake and Taunton. They literally ran over the river and through the woods on some courses. Coach Paul Urban, Jr. was impressed with his team’s tremendous effort and sportsmanship. Next year’s team will be incredible with more than half of its runners planning to return.

The golf team won its first OCL championship in twenty-nine years. It was the first OCL title for coach George Pimental. The team was led by senior co-captains Brendan Casey and Adam Derosier. Other key contributors include Evan Melford, Dave Steimach, Corey Blanchard, Mark Folkins, Derek Phillip, Dan O'Connor, Steve Protz, Chris Rego, manager/player Rob Ferris, and captain-elect of 2001, Greg Caron. The team suffered an early defeat to Barnstable that all but destroyed any hopes that the seniors had. After the defeat the team rallied around its senior leadership to win the next ten matches. Due to a late season upset (Silver Lake defeated Barnstable) the team had its chance to capture sole possession of first place with a crucial win at Silver Lake. Thanks to Greg Caron's clutch performance the victory fell upon the Trojans by one stroke. The stage was set for a final showdown with Barnstable for the OCL crown. Barnstable arrived at Olde Scotland Links in complete confidence. The chance of a Trojan upset was slim to none and most everyone knew this except the eight Trojan golfers who refused to settle for second best for the twenty-eighth year. With several players shooting just above par the Red Raiders fell to the Trojans by five strokes and the OCL championship went home with the Trojans that night. The seniors of the team would like to wish Coach Pimental, captain-elect Greg Caron, and the rest of the Trojan squad good luck in 2001. The seniors would also like to thank Coach Pimental.

**Boys’ Basketball**

Boy’s Basketball comes close...

The 2000-2001 Boy’s Basketball team had an outstanding season. Dubbed by many to be the cellar dwelling OCL team, the Trojans competed hard all year to set up an OCL Championship game. At home versus Silver Lake, a team the Trojans defeated earlier in the season, B-R had their hands full. They fought tough throughout the game and came up just a little short in the end. Led by senior co-captains Craig Audette and Matt Badiali along with seniors Brett Wright, Chris Lovell, Ryan Schleicher, Greg Dillon, and Greg Hiltz, the Trojans had plenty of leadership and talent. The Trojans also had one of the top scorers in Massachusetts, junior Matt Cahill. Throughout the year, the Trojans played hard and proved many people wrong as they finished with a regular season record of 14-4. Congratulations to everyone who played on the team.

Girls’ Basketball

Girl’s Basketball gives it their best...

The Girl’s Basketball team gave it their all in the 2000-2001 season. Led by senior tri-captains Katie Barber, Laura King, and Sue Noblin, the girls had a tremendous season. Through their ups and downs these Lady Trojans kept their heads high and enjoyed a 12-8 regular season record. Going into the tournament as a 12 seed, the girls unfortunately lost their first round game. Freshman Meghan Driscoll stepped up to the varsity level to give the girls’ team some height down on the low post. With great crowd support and a deep desire to win, the girls’ team competed for the OCL title for much of the season. Up until the last few weeks of the regular season, the girls were in first place in the league. Even though the team will lose three quality senior guards, next year’s girls’ team looks just as good with more good guard play and a tall presence inside.
This year, the Trojan hockey team came up a little short with an overall record of 6-12-2. The season looked promising before it started because it was led by senior captains Marc Mcguire and John Daly, and assistant captain, junior Craig Murray. The Trojans also got leadership from seniors Joe Cantelli, Sean McGovern, and Shawn Brown. Junior goalie C.J. Pennington was also a major contribution to the team. Coach Marc Jones was a little upset, stating, “It is hard to play in this league with only 7 upperclassmen. We had a lot of young guys who needed to step up and play, which they did, but this league is so tough that you need more”. This year’s team was a young team, so next year looks like a tournament bid. Good luck.

**Gymnastics**

Surpassing their own expectations, the girls gymnastics team finished the season with six wins and four losses. B-R placed third in the Pilgrim Conference. The team was led by Co-Captains Leah Milan and Aimee Ayers. Other important contributors to the B-R gymnastics program were freshman Becky Kennedy and sophomore Staci Duke.

From outside the doors, the weight room is a place of blasting classic rock tunes, clanging weights and hearty laughs, but inside lies much more.

Inside, one can see the fruits of hard work, dedication and perseverance. Mr. Lennon stresses athleticism opposed to body building. Students work to improve their strength, agility, muscle tone, and stamina. They not only help themselves but are also taught to help each other.

In its 6th year, team TJ has accomplished so much in such a short period of time. TJ (Trojan Johnson & Johnson) is team number 88 which is part of the nationwide F.I.R.S.T. Program (For Inspiration and Recognition of Science and Technology).

Under the leadership of Ms. Calef, B-R students cooperate with one another and share special moments. Each year, the team works diligently. They spend many hours in order to build the annual robot. The competitions are held in New Jersey in mid March (Mid Atlantic Competition) and Orlando, Florida (National Competition). Each year team TJ hopes to return with a trophy commending their excellence.
and team work.

Like anything in this world, to get something one has to work for it. Sure, the team is successful in every way, however, each member of this acknowledged team pulls his own weight. In September, the members are asked to join a subgroup, students can choose among five.

The art group works with Mr. Phaneuf every Monday to plan and make tie-dyes T-shirts. Also on Mondays, students can work with Ms. Sargent on the literary group compiling the bimonthly newsletter. Ms. Hall assists interested members in working for the chairman's award which this year was a video. The video was produced by some members of the Bridgewater Cable TV Studio. Ms. Calef helped this team out after Michael Kulibaba, 22, unfortunately passed away this past November. Mr. Folan worked with a group who was responsible for keeping track of the total of each member's total hours of work. Ms. Bridges was responsible for handling the funds raised by the members.

This year the team raised a substantial amount of money. In September, they conducted a car wash. On March 8th the team was helped by the Papa Gino's at Campus Plaza in Bridgewater, raised in well over $300 (20% of Papa Gino's profit). In addition, the team had a candy bar sale before getting ready for New Jersey and Florida.

The team fared well at both competitions. However, the team couldn't have done it without the help from all the engineers at (J & J) DePuy Codman, located in Raynham. Last season, the team voted on officials. Jenn Flannery was voted president, Chris Flynn was elected vice president, and Ashley Carson was treasurer. The student board consisted of Mike Murphy, Auna Lundin, Rebecka Hunt, Todd Derbyshire, Chris Ortiz, Caitlyn Jahnke, and Amy Aiello.

Anyone interested should consider joining the team soon. All are welcomed and encouraged to succeed. For more on TJ2 go to: www.tj2.chie.com.

This year, Room 235 was once again the heart and soul of B-R. Under the guidance of Ms. McGuire, students were able to work on several publications. Unitas 2001: Time of Our Lives was put together by an entire new group of students. Preparations began on September 6, 2000. As the weeks passed by, the pages finally began to take shape. From the candid shots to the unforgettable baby pictures, this book has everything that is B-R.
