Throughout the course of our lives we experience various rights of passage. Entering high school is one of the first major life changes we experience. Freshman appreciate the new sense of freedom that comes with their passage and are quick to take it for granted. Being the oldest and most experienced students in B-R, the senior class learns to really treasure their time left at the Regional as graduation gets closer with every passing day.

Life as a high school student drastically changes upon graduation, whether graduates choose to attend college or begin working and earning a living. The realization that one’s adult life has truly begun comes with every bill that has to be paid, and every student loan that is waiting to be paid off after college. As seniors prepare for college and learn to support themselves, they realize how special high school is....

Although the past few years have flown by, the memories we have made along the way will forever remain golden in our minds. Instead of spending our days concentrating on world events or school tests, we spent our days sitting in the sandbox and debating what color freeze pop we wanted. The boys happily kept themselves entertained with the newest Teenage Mutant Ninja Turtles toys, while the girls were inside with their Easy-Bake Ovens and Care Bears. Our days were filled with Winnie the Pooh, Scooby Doo, and Sesame Street. As we grew, our priorities changed. Now, as we look to the future, we can only cherish the light-hearted days of our youth.

Athletics

Go For the Gold!

B-R athletes have always been in the upper echelon of courage, determination, and sportsmanship. Our athletes embody both the competitive spirit and scholarship necessary to not only succeed in sports, but also to be productive members of the B-R community. These may be our golden years of athletic ability, but the lessons we learned on the Trojan’s battlefields will last a lifetime.

We here at B-R take pride in our many academic achievements. Students courageously come to school every day expecting a challenging learning experience. Through B-R’s Science, Social Studies, English, Language, Art, Mathematics, and many other courses offered, we prove that B-R consists of many intelligent students and faculty members. Our teachers may be tough at times, but students always know who they can turn to for help.

As students at B-R the times we will remember the most will be the times spent with friends. Special moments such as the pep rallies and proms unite the two towns, but the little things formed lasting friendships. During football games, dances, parties, and bonfires, we bonded and became the class of 2003 we are today. Our friends supported us through the loving and the fighting, the laughing and the crying, the giving and the taking, all the make-ups and the break-ups and for that.. we will never forget them.

Special Moments

Proms, dates, late nights, and parties; these are some of the events where our special moments took place. Sleepovers provided nights of talking and driving town seemed an ordinary thing. Bonds were made along with memories. Think now of that special feeling when you made a new friend, reflect on that “look” from a certain someone. These are the golden memories we will always cherish. These are our special moments.

Activities

Not only do the students at B-R participate in sports and academics, they also enjoy many different clubs and activities. Outside of school we spend our time going to movies, parties, and “chillin’” with our friends. Pep rallies, skiing, and volunteering time prove that B-R students are active members of the community. The fun field trips will always be a way of remembering our school. Students have been able to express themselves on many levels including drama, band concerts, and through clubs like the Ski Club and Renaissance. B-R has continued to provide programs for all types of students.

The Class of 2003 would like to dedicate this yearbook to Ms. Barbara Norman. During the course of any high school career, we are taught by many teachers, but few teachers actually make the effort to connect with every student as Ms. Norman has. Every student can benefit from her guidance and be inspired by her hard work and organization. She is the mother of three lucky kids and a great person all around. From her aid in setting the foundation for our learning, to her seemingly endless patience, she was always willing to lend an ear. We would like to thank you, Ms. Norman, for making our stay at Bridgewater-Raynham Regional that much more special.

Ms. Barbara Norman

The graduating class of 2003 is honored to dedicate this yearbook to Mr. Edward “The Doctor” Porter. Many teachers guide us through our years at B-R with patience, dedication, and a clear sense of purpose. But few possess the qualities which make “The Doctor” such an amazing teacher and friend. His years of teaching here at the Regional have been nothing less than memorable and he is easily considered a miracle worker. His laid back attitude and sense of humor have always made him popular with his classes. The mutual respect between mentor and students create a comfortable atmosphere in Dr. Porter’s classroom. With much gratitude and respect, we dedicate this yearbook to “The Doctor!” Oh happy day!

Mr. Edward Porter

Goodbye

This year we bid farewell to French teacher Ms. Oliver. Over her 30 years of teaching here at B-R, she has engaged her students in such activities as “teaching French verbs on a Friday afternoon in a free country”. We look back on her teaching career with pride and admiration. As a teacher, an advisor, and a mentor she inspired many students to learn a new way of life and language. We will all miss Ms. Oliver and wish her well in her future endeavors.

Ms. Wendy Oliver

Special thanks to the Senior class advisors: Ms. Barbara Norman and Ms. Barbara Murdoch

You must have been a beautiful baby....

...Aaah! Those crazy years in our lives where so many sweet memories were made. The time when sandboxes were the places to be and having a spaghetti covered face was the latest trend (1. Matt Peabody and 2. Sherry Saunders). The years when we sat in front of the t.v. (with our matching undies of course!) watching the brand new episodes of “Care Bears”, “Smurfs”, “Sesame Street”, the “Ninja Turtles”, and “My Little Pony” and got angry if they weren’t on (3. Lauren McGrath). The years when having an extra few pounds was considered “oh so cute”. We loved our teddy bears and blankets so much we refused to leave home without them! (4. Brittany Kearney)

And now as life takes us onto college, which some of us were eager to get to (5. Nichole Butts), I’m sure they’ll be a few stowaways of stuffed animals!

Most of all we’ll remember our friends! (6. Erica Pinto) The people who gave us the red crayon after ours broke, who played with us everyday at recess on the playground, and who offered a shoulder to cry on whenever we needed it. They were always there to make a funny face to make us smile! (7. Brigid Dailey)

To all our friends, thanks for the memories and most of all for being my friend when I asked you in kindergarten!

Holiday Party

On Monday, December 9th, 2002, the senior class gathered in the cafeteria, bound together with holiday spirit, as it permeated from each and every student present. Some were more festive than others, but no one could possibly be embarrassed by his or her costume. Yes, truly, self-consciousness was not part of our holiday celebration, although in hindsight one may not understand the mindset of someone who dressed as a stocking, or an M & M, or a shower stall. For sure, it was a night to remember.

The fun began when two close friends met at the football scrimmage between East Bridgewater and Bridgewater-Raynham and decided to create Powder Puff Football. With weeks of preparation and hard work, the first annual Powder Puff Football game was a complete success. On a chilly, windy, Saturday morning, the senior girls arrived at the field with their semi hair still in tact. The mud covered field was transformed with EB and B-R colors. With the help of undefeated Head Coach Matty Munise (move over Coach Buron) and the rest of the varsity football senior boys, B-R clinched victory 22 to 8! Memories were made, heroes were created, and the senior girls blitzed their way into B-R history. Way to go girls, we claimed the football crown. Thanks to Steph St. Martin and Ari Wile’s organization and preparation, the first ever senior girls’ Powder Puff football game was a complete success!
The Junior Prom, held at the Taunton Holiday Inn on May 10, 2002, was an unforgettable night filled with laughing and dancing, shared by everyone in attendance. Although only Clint Cooper and Ashley Slater could be crowned Prom King and Queen, we all felt like royalty that night. The ambience of this special occasion was magic, elegance, and sophistication as we danced with each other to our theme song “Cruising Together,” by Huey Lewis and Gwyneth Paltrow. The floor shook as we also danced to other favorites such as “Hero” by Enrique Iglesias and “I’m a Slave for You” by Britney Spears. At the end of the night, we hobbled to our cars with sore feet swearing we would never wear these uncomfortable shoes again and sorry that the night was over.

Where would B-R be without its underclassmen? Since they first walked through the lobby doors as nervous and inquisitive freshmen, they have grown as individuals and truly adjusted to their new surroundings. Once the initial fear of teachers, tardiness, and intimidating seniors passed, underclassmen had a lot more worries on their minds. As sophomores, they start getting ready for the rest of their lives. By the time MCAS, SATs, and ACTs pass, juniors become seniors. With the same initial worries we had our freshman year, we enter our senior year with hopes and aspirations to be successful in the life that awaits us. The class of 2003 would like to wish the underclassmen good luck in the future.

16. Valerie Zampine and Tamanique Rebolo are persistent note-takers.

Though our volleyball team at B-R has not shined as the other sports have, its team has shown that fun and enthusiasm are the true feelings of playing. As captain Alex Mastria led the team, the girls bonded as friends and teammates. Pasta parties, food runs before home games, and bus rides to away games allowed these girls to have as much fun as they could. Lasting relationships were formed on and off the court between girls of different grades and talents. Our new uniforms, consisting of spandex, allowed the team to move freely and dig balls off the ground. The winning record does not reflect the hard work that went in to every practice. Keep having fun and let’s hope to improve the record next year!

The participants of TJ explore science and engineering. Members of Color Guard, Art Club, the music groups and Raynwater Players use their creativity. Creative Writing Club, Unitas, the Regional Sound, and the Photography Club assemble publications and displays to showcase their talent. Many play an active role in community and school service. Vibrant costumes, a terrific, detailed set and an incredible cast made the ‘01-’02 production of “Damn Yankees” a great success. Emily Goudreau, did an amazing job playing Lola, the femme fatale. C.J Pennington with his disboical stage presence put on a very convincing show. Erik Edson following their lead did a spectacular job playing the gullible yet lovable Joe Boyd. The rest of the cast brought the audience to their feet with their charisma and amazing display of talent. The show was directed by and also choreographed by Ms. Kelley Baran. Ms. Janice Issa worked her magic as the musical director. Everyone was dressed wonderfully with the help and direction of Atia DeRosa and Daniel Gravely as the costume designers. Publications

Whether it was newspaper staff, Creative Writing Club, or Journalism Class, every student involved in creating school publications found an outlet for his or her creative talents.

Writing text and captions, proof reading, photo identification, and page layout took hours and hours. Last period of every day was spent creating the yearbook you are looking through now and also the weekly calendar and newspaper.

After school, the members of the respective clubs continued the process of writing and lay out designs. The staffs learned of the real life responsibilities of journalists, having fun along the way. We are proud of our three publications: The Regional Sound, Unitas 2003, and Asylum.

1. The Regional Sound: Ms. Diane McGuire, Brittney Nichols, Sarah Correia, Ross, Kerri Whittaker, and Dan Mackey.
